

## Making a New Friend

**At the park, Sam noticed Lily sitting alone on a swing, looking sad. Gathering his courage, he approached her and asked if she wanted to play. They kicked a ball back and forth, laughing and enjoying the sunny day. Soon, they were sharing snacks and stories about their favorite games. Sam learned that sometimes, a simple greeting can spark a beautiful friendship.**

**Children's Literature** Barbara Stoodt, 1996      **National Geographic Treasures**, *Bulletin of the Center for Children's Books*, 2003      **The Children's Literature Selection Handbook, K-8** Christie Kaaland, 2025-09-18

Offering future school librarians, teachers, and working librarians an alternative to lengthier textbooks on children's literature, this engaging book introduces readers to the most important genres and current conversations in the field while leaving them time to read children's literature directly. As school librarian and teacher certification programs become more abridged, students require succinct textbooks that still provide a valuable introduction to the field. Working librarians need reference books that allow them to make good selections for their collections. Students and professionals will appreciate *The Children's Literature Selection Handbook K-8* because it offers a needed overview of the field while allowing for plenty of time to read children's literature. Author Christie Kaaland's conversational tone speaks directly to readers, and the book offers students a pathway to engage with literature directly and effectively scaffold their learning. Beginning with an introduction to standard literary fiction genres, including a discussion of literature trends and children's reading interests and needs, the chapters turn to the most important genres: fiction, biography, folk literature, picture books, informational texts, poetry, and graphic novels. A focus on book series, a deep discussion of graphic novels, the inclusion of global literature, and review sources for selection and information on publishers and the publishing industry set this timely book apart from others in the field. Reader voices add perspective and charm. This compact and engaging book is the perfect companion to the vast wealth of children's literature that future teachers and school librarians will read during their professional preparation and share with children and youth as working librarians.

Contributions by Sara Austin, Rob Bittner, J. Bradley Blankenship, Gabriel Duckels, Caitlin Howlett, Isabel Mill n Jennifer Miller, Kaylee Jangula Mootz, Tim Morris, Dana Rudolph, J. Wallace Skelton, Jason Vanfosson, River Vooris, and B. J. Woodstein. Picture books are books aimed at children where the illustrations are as important or more important than the text. Picture books' effects on their simple text and importance in the literary canon have been studied by scholars for decades, but little attention has been given to LGBTQ picture books. *Reading LGBTQ Children's Picture Books* is a collection of essays that identifies and interprets children's picture books that explicitly represent LGBTQ content. Contributors to the volume include established and emerging scholars with expertise in the fields of children's literature, young adult literature, cultural studies, critical race and ethnic studies, gender and sexuality studies, history, and education. Each essay introduces readers to several children's books that denote unmistakable LGBTQ content. Essays bring various interpretive frameworks and intellectual commitments to their unique readings of LGBTQ children's picture books. The essays in *Reading LGBTQ Children's Picture Books* produce innovative new scholarship about a range of topics, including representations of LGBTQ marriage and parenting and LGBTQ history and culture. The topics explored and theoretical frameworks applied significantly expand available and accessible up
