Bush from the far-right Rev. Sun Myung Moon to the liberal Catholic theologian Hans Küng and from the Dalai Lama to the leaders of government-approved Protestant churches in the People's Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth-based global spirituality in effect a one-world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In *The Reign of Quantity and the Signs of the Times* French metaphysician René Guénon spoke of the anti-tradition the forces of materialism and secular humanism finally giving way to the counter-tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti-tradition weakens and dissolves traditional spiritualities after which the counter-tradition sets up a counterfeit in their place Since Guénon's time as is well known anti-traditional forces have greatly advanced worldwide It is less well known that counter-traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter-tradition is making inroads on the political and cultural Right as much as it is doing on the Left *False Dawn* painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In *False Dawn* Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes
