*Language Attrition* Monika S. Schmid, 2011 An introduction to language attrition providing an overview of linguistic and extralinguistic features involved and a description of research methods

*Effects of sociolinguistic and psycholinguistic Factors on Language Attrition* Kathrin Hellmann, 2016-10-12 Seminar paper from the year 2014 in the subject English Language and Literature Studies Linguistics grade 2 3 University of Cologne Englisches Seminar I course Bilingualism language English abstract Language attrition is a comparatively new research approach for socio and psycholinguists all over the world Their interests go into different directions like the process of language attrition itself the linguistic areas affected of forgetting or rather losing a language and the Effects of the Second Language on the First Cook 2003 But especially one topic divides the minds of the researchers Which factors influence the loss of a language and to what extent The elaboration at hand tries to answer this basic question with regard to the loss of the first language from now on referred to as L1 in a foreign language from now on referred to as L2 environment Withal the focus lies on the attrition process in adults although that of children is shortly introduced too The material put together and evaluated in this paper originates from several socio and psycholinguists which conducted research on the different factors that have an influence on language attrition The first step to answer this question is to give a short overview on how two language systems can exist in one individual As a part of this it will be clarified what exactly is meant by the term language attrition because it is often misunderstood Afterwards it will be easier to understand the connection between these two systems and therefore the reason why they are likely to be attrited Furthermore a closer look will be taken at the most common non pathological factors that have an impact on language attrition parted into sociolinguistic and psycholinguistic factors Their degree of influence on this process will be discussed thereafter with regard to the hypothesis Sociolinguistic factors have a greater impact on the process of language attrition than psycholinguistic factors have

*An Introduction to Language Attrition* Michael T. Putnam, David Natvig, 2025-07-28 This introductory text brings together diverse perspectives and research streams on language attrition forgetting or loss of language proficiency that can take place in one's first or additional language for different reasons and at different life stages Offering a comprehensive state of the art overview Michael T Putnam and David Natvig define key concepts and the contemporary debates in the field discussing a variety of structural grammatical societal and psychological cognitive aspects of this phenomenon and their implications for linguistic theory and language learning Setting the future research agenda on this subject and with helpful features like discussion questions this will be an invaluable resource for advanced students and researchers of theoretical applied linguistics bilingualism heritage linguistics psycholinguistics sociolinguistics education and beyond

*The Oxford Handbook of Language Attrition* Monika S. Schmid, Barbara Köpke, 2019-07-17 This volume is the first handbook dedicated to language attrition the study of how a speaker's language may be affected by crosslinguistic interference and non use The effects of language attrition can be felt in all aspects of

language knowledge processing and production and can offer unique insights into the mind of bilingual language users In this book international experts in the field explore a comprehensive range of topics in language attrition examining its theoretical implications psycho and neurolinguistic approaches linguistic and extralinguistic factors L2 attrition and heritage languages The chapters summarize current research and draw on insights from related fields such as child language development language contact language change pathological developments and second language acquisition

**First Language Attrition** Monika S. Schmid, Barbara Köpke, 2013-05-22 This volume consists of a collection of papers that focus on structural grammatical aspects of the process of first language attrition It presents an overview of current research methodological issues and important questions regarding first language attrition In particular it addresses the two most prominent issues in current L1 attrition research Can attrition effects impact on features of core syntax or are they limited to interface phenomena and What is the role of age at onset pre post puberty in this regard By investigating attrition in a variety of settings from a case study of a Spanish speaking adoptee in the US to an empirical investigation of more than 50 long term attriters of Turkish in the Netherlands the investigations presented take a new perspective on these issues Originally published in *Language Interaction and Acquisition* *Language Interaction et Acquisition* 2 2 2011 [Language Attrition](#) Barbara Köpke, 2007 This collection of articles provides theoretical foundations and perspectives for language attrition research Its purpose is to enable investigations of L1 attrition to avail themselves more fully and more fundamentally of the theoretical frameworks that have been formulated with respect to SLA and bilingualism In the thirteen papers collected here experts in particular disciplines of bilingualism such as neurolinguistics formal linguistics contact linguistics and language and identity provide an in depth perspective on L1 attrition which will make the translation of theory to hypothesis easier for future research

**Language Attrition in Progress** Bert Weltens, Kees de Bot, Theo van Els, 2012-10-25 Language acquisition is a human endeavor par excellence As children all human beings learn to understand and speak at least one language their mother tongue It is a process that seems to take place without any obvious effort Second language learning particularly among adults causes more difficulty The purpose of this series is to compile a collection of high quality monographs on language acquisition The series serves the needs of everyone who wants to know more about the problem of language acquisition in general and or about language acquisition in specific contexts

**First Language Attrition** Monika S. Schmid, 2004-01-01 This volume provides a state of the art treatment of research on language attrition the non pathological loss of a language through lack of exposure It combines a review of past and present research with in depth treatments of specific theoretical and methodological issues and reports on individual studies Special prominence is given to the identification of problematic areas in attrition research with a view to pointing out possible solutions The book specifically addresses itself to those who wish to acquaint themselves with the research area of language attrition providing them with both a thorough overview of the field and a basis on which to build their own research The

combination of experience and an innovative outlook present in this collection however make it a valuable source for those familiar with attrition as well Especially useful to both beginners and veterans is the extensive annotated bibliography

Attitudes to Endangered Languages Julia Sallabank,2013 Language attitudes and ideologies are of key importance in assessing the chances of success of revitalisation efforts for endangered languages However few book length studies relate attitudes to language policies or address the changing attitudes of non speakers and the motivations of members of language movements Through a combination of ethnographic research and quantitative surveys this book presents an in depth study of revitalisation efforts for indigenous languages in three small islands round the British Isles The author identifies and confronts key issues commonly faced by practitioners and researchers working in small language communities with little institutional support This book explores the complex relationship of ideologies identity and language related beliefs and practices and examines the implications of these factors for language revitalisation measures Essential reading for researchers interested in language endangerment and revitalisation sociolinguistics linguistic anthropology and language policy and planning as well as language planners and campaigners Provided by publisher

**Language Maintenance and Shift** Anne Pauwels,2016-08-04 What motivates some linguistic minorities to maintain their language Why do others shift away from it rather quickly Are there specific conditions environmental or personal influencing these dynamics What can families and communities do to pass on their threatened language to the next generation These and related questions are investigated in detail in Language Maintenance and Shift In this fascinating book Anne Pauwels analyses the patterns of language use exhibited by individuals and groups living in multilingual societies and explores their efforts to maintain their heritage or minority language She explores the various methods used to analyse language maintenance from linguistic demography to linguistic biography and offers guidance on how to research the language patterns and practices of linguistic minorities around the world

**Language Endangerment** David Bradley,Maya Bradley,2019-11-21 Investigates the endangerment of languages and the loss of traditional cultural diversity and how to respond

**Face[t]s of First Language Loss** Sandra G. Kouritzin,1999-04-01 This book contributes to the understanding of first language loss in both immigrant and indigenous communities in at least three ways First it provides insight into the process of language loss and the factors contributing to it Second it attempts to define from an insider perspective what it means to lose a language Third it analyzes the perceived consequences of first language loss in terms of social academic emotional and economic factors an approach previously lacking in research on language loss Most studies of first language loss are impersonal even when they tell emotional stories This polyphonic book about language loss and imperfect learning of heritage languages tells the inside story Easy to read and yet academic it gives voice to five different storytellers who relate the histories of their first language loss and analyzes themes from 21 life history case studies of adults who had lost their first languages while learning English The stories in this book make a compelling argument that heritage languages should be preserved that ESL should be about

developing bilinguals not English monolinguals Important reading for researchers practitioners and graduate students in ESL and bilingual education multicultural education cultural studies and sociology this book will also interest qualitative researchers as an example of a unique form of both doing and writing research *Cultural Memory of Language* Susan Samata, 2014 I can't even speak my own language were the words overheard in a collage staffroom that triggered the writing of this book Calling something my own implies a personal proprietorial relationship with it But how can it be your own if you cannot speak it The Cultural Memory of Language looks at unintended monolingualism a lack of language fluency in a migratory cultural situation where two or more languages exist at home It explores family history and childhood language acquisition and attrition What is the present everyday experience of language use and life between two cultures Examining interview data Samata uncovers a sense of inauthenticity felt by people who do not fully share a parent's first language Alongside this features a sense of concurrent anger and a need to assign blame Participation in the language even to the extent of phatic or formulaic phraseology occasions feelings of authentic linguistic and cultural inclusion The book thus uncovers appreciable and measurable benefits in positive self image and a sense of well being Looking at how people view language is essential how they view the language they call their own is even more important and this book does just that in a qualified applied linguistic environment What factors influence first language (L1) attrition in bilingual people? Melitta Reinert, 2021-05-03 Seminar paper from the year 2014 in the subject English Language and Literature Studies Other grade 2-3 University of Cologne Englishes Seminar I language English abstract Every child will acquire at least one language A lot of people learn more languages during their lifetime e.g. during emigration in a country with another language During situations like these the first language from now on referred to as L1 might get lost while the second language from now on referred to as L2 establish as the new dominant language But not every emigrant discovers language attrition The different factors of language attrition in bilingual people will be presented in this term paper **Analysing Sociolinguistic Variation** Sali Tagliamonte, 2006 The first comprehensive how to guide to the formal analysis of sociolinguistic variation how language varies in social context Practical and informal it shows in a step by step fashion how the analysis is carried out leading the reader through every stage of a sociolinguistic research project Contains checklists tips and exercises *Language Death and Language Maintenance* Mark Janse, Sijmen Tol, 2003-03-13 Languages are dying at an alarming rate all over the world Estimates range from 50% to as much as 90% by the end of the century This collection of original papers tries to strike a balance between theoretical practical and descriptive approaches to language death and language maintenance It provides overviews of language endangerment in Africa Eurasia and the Greater Pacific Area It also presents case studies of endangered languages from various language families These descriptive case studies not only provide data on the degree of endangerment and the causes of language death but also provide a general sociolinguistic and typological characterization the language(s) under discussion and the prospects of language maintenance if any The volume will be of

interest to all those concerned with the ongoing extinction of the world's linguistic diversity *The Handbook of Language Variation and Change* J. K. Chambers, Natalie Schilling, 2018-05-01 Reflecting a multitude of developments in the study of language change and variation over the last ten years this extensively updated second edition features a number of new chapters and remains the authoritative reference volume on a core research area in linguistics A fully revised and expanded edition of this acclaimed reference work which has established its reputation based on its unrivalled scope and depth of analysis in this interdisciplinary field Includes seven new chapters while the remainder have undergone thorough revision and updating to incorporate the latest research and reflect numerous developments in the field Accessibly structured by theme covering topics including data collection and evaluation linguistic structure language and time language contact language domains and social differentiation Brings together an experienced international editorial and contributor team to provides an unrivalled learning teaching and reference tool for researchers and students in sociolinguistics *LANGUAGE ATTRITION on L2 WRITING SKILL* Dr. Azadeh Asgari, 2013-08-31 For the purpose of the attrition literature's general review this book aims to provide a relevant literature review to widen the understanding of the stages in language attrition processes of attrition and causes of attrition the important variables rate and pattern of attrition and so forth *The Loss of Language Skills* Richard D. Lambert, Barbara F. Freed, 1982 **Saving Languages** Lenore A. Grenoble, Lindsay J. Whaley, 2006 Language endangerment has been the focus of much attention and as a result a wide range of people are working to revitalize and maintain local languages This book serves as a general reference guide to language revitalization written not only for linguists and anthropologists but also for language activists and community members who believe they should ensure the future use of their languages despite their predicted loss Drawing extensively on case studies it sets out the necessary background and highlights central issues such as literacy policy decisions and allocation of resources Its primary goal is to provide the essential tools for a successful language revitalization program such as setting and achieving realistic goals and anticipating and resolving common obstacles Clearly written and informative *Saving Languages* will be an invaluable resource for all those interested in the fate of small language communities around the globe
