Questioning Gender Robyn Ryle, 2023-06-28 *Questioning Gender* A Sociological Exploration aims to spark productive conversations and questions about gender and serve as a resource for exploring answers to many of those questions. Rather than providing definitive answers, this book aims to challenge students' preconceptions about gender and demonstrate how gender as a system creates and reinforces inequality. Taking a global approach, author Robyn Ryle uses both historical and cross-cultural approaches to help students understand the socially constructed nature of gender. Through examining contemporary topics including the MeToo movement, sexual harassment in the workplace, and the gender wage gap, students will be prompted to think critically about past, present, and future gender-related issues. The Fifth Edition has been updated with expanded coverage of disability as it relates to gender, discussion of issues related to transgender and nonbinary people, and examination of the COVID-19 pandemic's gender-related effects, as well as updated data throughout. *Goals Gone Wild!* Matt A. Poepsel, 2012-04 Can a book that helps us find lasting success and happiness actually be fun to read? It can if it's *Goals Gone Wild*. Visionary coach and humorist Dr. Matt Poepsel knows better than anyone what it's like to seek personal improvement, set goals, and then watch your dreams come to fruition. In his collection of inspiring and entertaining stories, he shares candid and often witty anecdotes that identify personal improvement lessons that can help you get more out of life. With the goal of helping others tap into their potential, develop deeper self-awareness, and identify strengths, Dr. Poepsel creatively draws meaningful lessons from a variety of experiences, including an aggressive Volvo driver, a razor-toothed puppy, and a broken CD player, while exploring a wide range of personal development themes that lead others how to find great role models, form a unique brand of successful living, develop a renewed emphasis on focus, make changes for the better, shun negative self-talk. *Goals Gone Wild* is a thought-provoking, entertaining collection of stories, fun exercises, and practical tools designed to encourage others to clarify life goals, live in the moment, and discover true happiness. *A Do-It-Yourself Dystopia* Steven Carter, 2000 The essence of life in an oligarchy like George Orwell presents in *1984* is that freedom of choice is virtually non-existent. But what happens when so many trivial and meaningless choices inundate a culture such as our own and freedom itself becomes devalued? In *A Do-It-Yourself Dystopia*, through a variety of essays, Steven Carter addresses this and other issues in a wide-ranging search for hidden oligarchies of the American self. The Self-Care Mindset Jeanette Bronee, 2025-02-11 This is a generous and profound book, a book worth sharing. It will stick with you for years to come. The practice: The world has changed, our lives have changed, and in recent years, our work has changed. Despite the disruption, our relationship and understanding of self-care have remained the same as we still see it as something fluffy or a perfect list of habits that we do alone outside of work to recover. But what if self-care wasn't something we do? What if self-care is a mindset that allows us to achieve peak performance, engagement, and growth without burning out and sacrificing our health and joy? In *The Self-Care Mindset*, celebrated well-being and mindset expert Jeanette Bronee delivers an actionable and groundbreaking
