What to Say a Girl to Win Her Heart Chris Charm, 2019-09-12 Ever wondered what is the first message you should send a woman How to ask a girl out over text How to text a girl you haven't talked to in a while If so this book is for you This book is a guide for men in leading them to be quite successful in the way they deal with texting as a platform for reaching out to women A lot of men struggle with the process of texting a woman and do not convey the right message to the girl for her to be intrigued The book recognizes the fact that seduction is an art that has got to be learned and takes some practicing To build confidence and understand the thought patterns of a woman requires some learning and training This is what informs the idea behind putting this work together The book is needed by a lot of men who just will not know how to start a conversation with women If they do start conversations they do not know how to steer the course of the conversation in order to come out quite impressive in the girl This book comes to show that section is something that any man can achieve if a man can just acquire the right mindset and understand how to present their personality to the woman It could be that some men do not understand how women think and how they react to certain messages This book helps men peer into the world of being a woman to know how they can be evoked to gain attraction towards a man You will no longer have to fear about what the girl will say or will react when you say something to her You already can predict her reaction when you tell her this or that You will therefore be more composed as you will not have a lot of shocks from the girls as before You have been wondering why you get a lot of rejections It has gotten frustrating for you as a girl will not respond to your text Sometimes you meet a girl and she is excited but she simply quickly seems interested when it comes to the time when you follow up to the text It is time you also find the explanation for that The book discusses the mindset that can make a man successful with socialization You will learn how to be socially intelligent in order to be perceptive about how a woman wants you to say to her in order to make her tick The book also discusses the strategies of using small talk It guides you on how to transition small talk into a deeper engagement and a catching conversation Here you will learn how your approach has been making you fail This is through discussing the direct and indirect approach to text There is a section dedicated to texting women online which is quite a common phenomenon today Various texting cases are also discussed and a guide on how to get a woman out on a date is elaborated with text examples From this book you have to learn what has been holding you back in terms of how you text girls You have to learn the way to ensure that you demonstrate perceptiveness Read the book with an awareness of the limitations that usually hold you back Understand that what is presented in this book is not a template that applies in all circumstances However the book
