Law** Humberto Zúñiga Schroder,2011-07-01 Standards are a feature of virtually all areas of trade in products and services
Yet although standards may achieve an efficient economic exchange they have discriminatory consequences for trading
partners when governments formulate or apply them in such a way as to cause obstacles to trade thus enrolling standards
among the increasingly significant non tariff barriers regulated by the WTO This unique and original study analyses the
functions that standards fulfil in the market their effect on trade and the legal regime based on harmonization equivalence
and mutual recognition developed by the WTO to deal with standards The author investigates the way in which both the WTO
Technical Barriers to Trade TBT and the Sanitary and Phytosanitary SPS Measures Agreements regulate these three tools
and discusses key topics including The definition of the concept International Standard in the TBT Agreement Guidelines on
equivalence issued by organizations such as the Codex Alimentarius Commission the World Organization for Animal Health
and the International Plant Protection Convention Parallels between the EC mutual recognition regime and the WTO system
This is the first work on its subject With its detailed and practical analysis of WTO law on standards the book is a
