Feminist Existentialism, Biopolitics, and Critical Phenomenology in a Time of Bad Health Talia Welsh,2021-10-28 This book explores the personal value of healthy behavior arguing that our modern tendency to praise or blame individuals for their health is politically and economically motivated and has reinforced growing health disparities between the wealthy and poor under the guise of individual responsibility We are awash in concerns about the state of our health and recommendations about how to improve it from medical professionals public health experts and the diet exercise wellness industry The idea that health is about wellness and not just preventing illness becomes increasingly widespread as we find out how various modifiable behaviors such as smoking or our diets impact our health In a critical examination of health we find that alongside the move toward wellness as a state that the individual is responsible to in part produce there is a roll back of public programs This book explores how this good health imperative is not as apolitical as one might assume The more the individual is the locus of health the less structural and historical issues that create health disparities are considered Feminist Existentialism Biopolitics and Critical Phenomenology in a Time of Bad Health's charts the impact of the increasing shift to a model of individual responsibility for one's health It will benefit readers who are interested to think critically about normalization to produce healthy bodies In addition this book will benefit readers who understand the value of personal health but are wary of the ways in which health can be used as a tool to discriminate and fuel inequalities in health care access This volume is primarily of interest to academics students public health and medical professionals and readers who are interested in critically examining health from philosophical perspective in order to understand how we can celebrate the value of healthy behavior without reinforcing discrimination The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives
