Dimensions of Human Sexuality Curtis O. Byer, Louis W. Shainberg, Grace Galliano, Sharon P. Shriver, 2002 The sixth edition of *Dimensions of Human Sexuality* reflects the latest

research in human sexuality with its organization and coverage streamlined to meet the needs of today's sexuality courses. In addition to a revised organization, the new edition features new end-of-chapter pedagogy geared to foster students' critical thinking skills, and coverage of sexual orientation has been enhanced throughout the text.

Female drug addicts are often stereotyped either as promiscuous, lazy, and selfish or as weak, scared, and trapped into addiction. These depictions typify the pathology and powerlessness narrative that has historically characterized popular and academic conversations about female substance abusers. *Neither Villain Nor Victim* attempts to correct these polarizing perspectives by presenting a critical feminist analysis of the drug world. By shifting the discussion to one centered on women's agency and empowerment, this book reveals the complex experiences and social relationships of women addicts. Essays explore a range of topics, including the many ways that women negotiate the illicit drug world, how former drug addicts manage the more intimate aspects of their lives as they try to achieve abstinence, how women tend to use intervention resources more positively than their male counterparts, and how society can improve its response to female substance abusers by moving away from social controls such as the criminalization of prostitution and rehabilitative programs that have been shown to fail women in the long term. Advancing important new perspectives about the position of women in the drug world, this book is essential reading in courses on women and crime, feminist theory, and criminal justice.
