Wheat, 2010-03-05 an impressive case for multiple levels of allegory in Philip Pullman's brilliant His Dark Materials trilogy On a larger scale Wheat demonstrates in meticulous detail that Pullman's theme of the war between knowledge and religious superstition operates not only at the surface level of the plot but also at deeper symbolic levels His detailed case richly illuminates the religious and literary dimensions of the His Dark Materials trilogy SUSANNA BRAUND Professor of Latin Poetry and Its Reception Canada Research Chair University of British Columbia Philip Pullman's His Dark Materials trilogy is one of the most popular fantasy works of our time Both the trilogy and a new movie based on it are being marketed chiefly as YA young adult fare But Leonard F. Wheat shows in this fascinating analysis that His Dark Materials is far more than a YA tale At a deeper level it is a complex triple allegory a surface story that uses 231 symbols to tell three hidden stories As such it is among the most profound intellectually challenging and thoroughly adult works ever written Wheat brings the hidden stories to light He demonstrates how Pullman retells two prominent works of British literature C. S. Lewis's *The Lion the Witch and the Wardrobe* and John Milton's *Paradise Lost* Pullman's aim is to

counter Lewis's pro Christian allegory with his own anti Christian allegory Pullman does this in his second allegory by turning Paradise Lost upside down Satan and his daughter Sin along with Adam's murderous son Cain become heroes God and Jesus become villains This retold story depicts our society's warfare between knowledge symbolized by Dust and religious superstitions symbolized by Specters Pullman adds an original third hidden story featuring Christian missionaries Charles Darwin agnostics and atheists Wheat's intriguing interpretation of Pullman's work is the first to point out the many allegorical features of His Dark Materials and to highlight the ingenious ways in which Pullman subtly attacks religious institutions and superstitions Pullman fans as well as readers interested in fantasy or concerned about religious coercion will find Wheat's book not only stimulating but overflowing with surprises Leonard F Wheat a retired economist living in Alexandria VA received his PhD from Harvard University in 1958 and is the author of five previous books dealing with economics film and religion His books include Kubrick's 2001 A Triple Allegory and Paul Tillich's Dialectical Humanism Unmasking the God above God [Handbook of the English Novel of the Twentieth and Twenty-First Centuries](#) Christoph Reinfandt, 2017-06-12 The Handbook systematically charts the trajectory of the English novel from its emergence as the foremost literary genre in the early twentieth century to its early twenty first century status of eccentric eminence in new media environments Systematic chapters address The English Novel as a Distinctly Modern Genre The Novel in the Economy Genres Gender performativity masculinities feminism queer and The Burden of Representation class and ethnicity Extended contextualized close readings of more than twenty key texts from Joseph Conrad's Heart of Darkness 1899 to Tom McCarthy's Satin Island 2015 supplement the systematic approach and encourage future research by providing overviews of reception and theoretical perspectives
