Some 445 expertly written articles bring new insight and understanding about the lived experiences of children and the many complex cultural meanings ascribed to childhood. As a nation, we have a new and continuing health agenda through *Healthy People 2010* that gives direction to our work. These new goals and objectives are incorporated throughout the text. Finally, the text format is designed to provide you with the comprehensive, globally sensitive information and skills you need to be an effective practitioner with aggregates, groups, and individuals in the community. *Literature and the Child* Bernice E. Booklists direct readers to quality literature, and extended discussions of selected titles demonstrate the selection criteria. Multicultural literature is discussed throughout the text, with a separate chapter on more specific multicultural issues.
