Martin,2024-11 What does it mean to be an ethical professional A professional career can be so demanding that it permeates every aspect of a person s life and personality In light of this fact it is especially important for students who are planning to enter a chosen profession to understand its moral status moral virtues and possible moral pitfalls so that they will be equipped to deal with the inevitable moral quandaries that they will encounter as professionals The most up to date professional ethics reader available *Ethics Across the Professions* analyzes the complex ethical issues that arise in such fields as engineering finance healthcare journalism and law Featuring a wide array of both classic and contemporary sources it ranges from works by Aristotle and Kant to selections by Michael Bayles Sissela Bok Paul Ekman and Thomas Nagel Organized topically the anthology covers what it means to be a professional outlines several ethical models and addresses key issues including deception in professional life privacy loyalty social welfare conflicts of interest and self regulation The book includes detailed chapter introductions several practical case studies at the end of each chapter and provocative discussion questions on issues like whistle blowing the Iraq War educating illegal immigrant children and advertisements for pharmaceutical companies Edited by three renowned ethicists *Ethics Across the Professions* is especially suited for introductory professional ethics courses taught in philosophy departments as well as in nursing schools business schools and other professional programs

**Educating in Ethics Across the Professions** Richard M. Jacobs,2022-08-12 This book provides a comprehensive discussion on teaching ethics across various professions It covers historical and contemporary challenges evolving research theory and practice and offers future considerations for ethics educators The volume concludes with professional perspectives and an agenda for future ethics education

[Ethics Across Professions](#) Jay Black,Ralph D. Barney,2004 The 2003 incarnation of the Colloquia 2000 series on Applied Media Ethics the fourth in a decade long series offered an opportunity for application of various comparative yardsticks testing media ethics maturity This special double issue reflects concerns of interest to most areas of professional ethics and concerns of particular interest to media ethicists the nature of accountability obligation power virtue and professional client relationships In addition it demonstrates a divide between media ethicists and those of other professions investigates the nature of power discusses the subjects of journalism and virtue carries out the theme of ethics across the professions in the Cases and Commentaries where five writers grapple with one of the better publicized issues in recent media ethics literature the Los Angeles Times imbroglio known as The Staple Affair and includes a book review section covering advertising and consumer citizens advertising s erotic history global public relations general media ethics textbooks understanding rules in society and business media coverage of the war in Iraq and a collection of free speech profiles

**Ethics Across the Curriculum—Pedagogical Perspectives** Elaine E. Englehardt,Michael S. Pritchard,2018-05-08 This book features articles by more than twenty experienced teachers of ethics who are committed to the idea that ethics can and should be taught virtually anywhere in the education curriculum They explore a variety of ways in which this might best be done Traditionally confined largely to programs in philosophy and

religion the teaching of ethics has in recent decades spread across the curriculum education The contributors to this book discuss the rationale for supporting such efforts the variety of challenges these efforts face and the sorts of benefits faculty and students who participate in ethics across the curriculum endeavors can expect An overriding theme of this book is that the teaching of ethics should not be restricted to one or two courses in philosophy or religion programs but rather be addressed wherever relevant anywhere in the curriculum For example accredited engineering programs are expected to ensure that their students are introduced to the ethical dimensions of engineering This can involve consideration of ethical issues within particular areas of engineering e g civil mechanical electrical chemical as distinctive segments of certain courses e g those that focus on design problems or as a full semester course in ethics in engineering Similar approaches can be taken in nursing medicine law social work psychology accountancy management and so on That is some emphasis on ethics can be expected to be found in broad range of academic disciplines However many ethical issues require careful attention from the perspectives of several disciplines at once and in ways that require their joining hands Recognizing that adequately addressing many ethical issues may require the inclusion of perspectives from a variety of disciplines makes apparent the need for effective communication and reflection across disciplines not simply within them This in turn suggests that faculty and their students can benefit from special programs that are designed to include participants from a variety of disciplines Such programs will be a central feature of this book Although some differences might arise in how such issues might best be discussed across different parts of the curriculum these discussions might be joined in ways that help students faculty administrators and the wider public better appreciate their shared ethical ground

Interprofessional Ethics Across the Life Course in Health and Social Care Ann Gallagher, Nigel Davies, Nicky Mathastein-Bowen, Sherwyn Sicat, 2025-11-25

Interprofessional teams of health and social care professionals encounter and respond to significant ethical challenges and complexity in their everyday work This scenario based book explores how to enact ethical values and virtues while working across the four pillars of professional activity practice education leadership and research Effective responses to care needs and everyday complexity require teamwork and a holistic approach to individual family and community needs They require health and social care professionals having an in depth appreciation of their own professional roles responsibilities and contributions as well as those of other professions This book enables readers to engage with and reflect on a range of ethical decision making situations that can occur across the lifecourse and impact interprofessional teams Each chapter is based around particular authentic scenarios derived from the experiences of care recipients and family members involved in the co production of the book and taking place in a range of care contexts from maternity care to community from hospital to residential care and from accident and emergency areas to hospice Introducing and discussing interprofessional issues from an ethical stance this is an essential text for health and social care students and practitioners and a resource for interprofessional IPE facilitators with a commitment to ethics in health and social care practice research education and

leadership     Ethics Across the Curriculum Robert B. Ashmore, William C. Starr, 1991     Ethics for the Professions John Rowan, Samuel Zinaich, 2003 This new text provides students with the tools necessary to make ethically sound decisions in the professions they choose for themselves The text combines lucid explanations of leading philosophical moral theories with detailed discussion of how those theories are to be applied Each chapter concludes with short cases and questions to engage students in solving perplexing professional ethics issues     **Ethics and the Professions** Ruth F. Chadwick, 1994 These essays look at the concept of professional ethics from a range of perspectives It begins with a look at the concept of profession asking if it is knowledge or an ideal of service continues by looking at accountability and finally analyzes codes of conduct The text also covers medical education moral philosophy and the ability to face criticism in a positive way

**Symposium** ,2008     **Comprehensive Handbook of Social Work and Social Welfare: The profession of social work** Karen Marlane Sowers, Catherine N. Dulmus, 2008 V 1 The profession of social work v 2 Human behavior in the social environment v 3 Social work practice v 4 Social policy and policy practice     *Early Childhood Education and Care in Canada* Margie Mayfield, 2000-11 For Introduction to Early Childhood Education or Foundations of Early Childhood courses taught at the university level *Early Childhood Education and Care in Canada Context Dimensions and Issues* is an exciting new text that offers a comprehensive Canadian overview of early childhood education ECE and care past and present The text has three main goals to examine ECE in the context of today s cultures communities and families to recognize the rich variety and scope of ECE and care in Canada and to invite readers to reflect on issues in ECE for today and in the future Topics covered in the book include multiculturalism and special needs children and detailed descriptions of Canadian programs are also included The result is an informative reader friendly text that is indispensable for both students and teachers     **The Internship, Practicum, and Field Placement Handbook** Brian N. Baird, 2005 Acknowledging anticipating and addressing the everyday questions anxieties fears and concerns of interns this practical handbook bridges the gap between academic coursework and the knowledge skills and emotional challenges that are found in the real world of the helping professions Incorporating the newest version of the APA ethics code the federal HIPAA regulations and the applications of technology to treatment and record keeping this book contains the most recent research and literature pertaining to internship training ethics and legal issues supervision self care record keeping risk management and more Professionals and interns involved with internships practicums and field placements in Psychology Social Work Counseling and related helping disciplines

**Ethics in Technical Communication** Lori Allen, Dan Voss, 1997-02-07 With the advancement of technical communications in recent years many ethical issues have emerged This book focuses on college programs in technical communications Based on nine real world case studies it covers legal issues like copyrights patents licensing intellectual property confidentiality international issues and more     **Teaching Ethics** ,2002     **Encyclopedia of Software Engineering** John J. Marciniak, 2002 Covering all aspects of engineering for practitioners who design write or test computer

programs this updated edition explores all the issues and principles of software design and engineering With terminology that adheres to the standard set by The Institute of Electrical and Electronics Engineers IEEE the book features over 500 entries in 35 taxonomic areas as well as biographies of over 100 personalities who have made an impact in the field
