The Innovation Lab, a consulting group specializing in business trend analysis and business model consulting, is simultaneously releasing a 25-volume series of industry-specific reports forecasting the 2026 business landscape. Why 25 industries? Today's business does not move on vague predictions or gut feelings. Accordingly, The Innovation Lab conducted a complete survey of over 5,000 business model (BM) data points from its proprietary analysis platform, NextBM200, to quantitatively analyze changes across 25 key industries that comprise the global market, including Korea. Focusing on specific Business Models instead of grand future discourses, this series avoids abstract futurology or grand narratives. Instead, it focuses on presenting the actual trends emerging within each industry, along with specific cases and data on business models that companies and individuals can implement immediately. *Intelligence Briefing for Leaders: Navigating an Era of Uncertainty in 2026* Is your business lost in the fog? Or is it on the map? Moving past vague forecasts to discuss business models you should review right now. The *Next Business Model 2026* series, published by The Innovation Lab, a business trend analysis and business model consulting group, was designed specifically to address this need. This series was written based on NextBM200, a proprietary platform featuring vast data on over 5,000 business models across 25 industries. Its primary differentiator is that
