Go Dr. George G. Hunter III,2017-02-21 Churches and denominations often appear to settle for a primary objective that is less than what the apostles recommended If we are honest most church leaders acknowledge that our institutional sense of purpose is inconsistent at best In some places the purpose of the church is quite narrowly defined and in others the definition is so broad that it seems meaningless People wonder Is this all there is to the church It s a good question and George Hunter a longtime keen observer of the church demonstrates the answer Hunter s richly descriptive explanation of the missional church will convince leaders and students to recover a clear and consistent sense of purpose As we are the stewards of the faith once delivered to the saints so we are the heirs of the mission once entrusted to the apostles and their movements The church s mission locally and globally is or should be its main business The real church is an ecclesia God s called out people whom the Lord shapes into an apostolate and sends out to be publicly present in the world but not of it This mission is a serving witnessing inviting outreach to all people
