Originals! Jessie Carney Smith, 2022-03-01 Discover and celebrate the achievements of some of America's most inspiring women. The first female African American vice president, first U.S. senator, the 83rd U.S. Attorney General, and first black state legislator in Alaska. The first time a black woman and a white man shared the same stage, the first black woman writer to win a Pulitzer Prize, and the first black prima ballerina at the Metropolitan Opera Company. Black women have accomplished incredible things throughout American history. An important book, *Originals: Barrier-breaking Black Women*, profiles the lives and successes of such notable and iconic women as abolitionist Harriet Tubman, Olympic gold medalist Wilma Rudolph, mathematician Katherine Johnson, organizer and politician Stacy Adams, Stacey Abrams, astronaut Mae Jemison, jazz legend Billie Holiday, ballerina Misty Copeland, Vice President Kamala Harris, and also the accomplishments of hundreds of less famous and lesser-known women. This fascinating read recounts 1,400 achievements, including Gail Fisher, the first black actress to receive an Emmy Award; Tina Sloan Green, the first black American woman to compete on the U.S. National Lacrosse team; Sarah J. Smith-Thompson Garnet, the first black female principal in the New York City public school system; Ruth Carol Taylor, the first flight attendant to smash the color barrier; Rebecca Davis Lee Crumpler, the first black woman awarded a medical degree in the United States; Camilla Ella Williams, the first black woman to sing with the New York City Opera; Altha Stewart, the first African American president of The American Psychiatric Association; Jessie Carney Smith, the first black national president of Beta Phi Mu, the honor society for persons with graduate degrees in library science; Gwendolyn Brooks, the author of *Annie Allen*, a book of poetry that won the first Pulitzer Prize awarded to an African American; Jeanine McIntosh Menze, the first African American female aviator in the U.S. Coast Guard's 215-year history. The story of black women in America is one of struggle and obstacles overcome. It's a story of great achievement and soaring heights. Let *Originals* inspire and educate you as it shares the stories and breakthroughs of hundreds of black women in American history. With more than 210 photos and illustrations, this enlightening book also includes a helpful bibliography and an extensive index, adding to its usefulness.

The Up Side of Down Megan McArdle, 2015-02-24 Clever, surprisingly fast-paced, and enlightening. *Forbes* Most new products fail. So do most businesses. And most of us, if we are honest, have experienced a major setback in our personal or professional lives. So what determines who will bounce back and follow up with a home run? What separates those who keep treading water from those who harness the lessons from their mistakes? One of our most popular business bloggers, Megan McArdle, takes insights from emergency room doctors, kindergarten teachers, bankruptcy judges, and venture capitalists to teach us how to reinvent ourselves in the face of failure. *The Up Side of Down* is a book that just might change the way you lead your life.
