## **5 Thai Burma Relations International Idea:**

**India--Myanmar Relations** Rajiv Bhatia, 2015-08-11 This book provides a comprehensive evaluation of India's multifaceted relations with Myanmar. It unravels the mysteries of the complex polity of Myanmar as it undergoes transition through democracy after long military rule. Based on meticulous research and understanding, the volume traces the trajectory of India-Myanmar associations from ancient times to the present day and offers a fascinating story in the backdrop of the region's geopolitics. An in-depth analysis of the India-Myanmar-China Triangle brings out the strategic stakes involved. It will be of great interest to researchers and scholars of international relations, peace and conflict studies, defence and strategic studies, politics, South and Southeast Asian studies, as well as policy makers and political think tanks. **Atal Bihari**

**Vajpayee and India's Foreign Policy: 1977-2004** Jhila Poptani, Tridib Chakraborti, 2024-06-15 Atal Bihari Vajpayee and India's Foreign Policy 1977-2004: Initiatives, Policy Making and Achievements examines the life and work of a humanitarian, a visionary, an orator par excellence, a writer, a mass leader, and a Parliamentarian who is still revered by both members of his own party and by the opposition. Vajpayee's long political career won him accolades as well as honors. Being closely associated with the Indian political arena from a very young age, Vajpayee, with his knowledge, experience, and charismatic persona, became the Bhishma Pitamah of Indian politics. He had achieved few major milestones during his long political tenure in the Parliament of India. Atal Bihari Vajpayee was unarguably one of the best and most influential Prime Ministers of India, serving the nation for a full term of five years and two short terms, having made impressive contributions to the development of India. He played a very significant role in shaping the foreign policies of India. Vajpayee's dedicated efforts to solve persistent and major issues in foreign policies are remarkable. His indomitable determination and spirit helped India to attain its justified place in the international forum. Atal Bihari Vajpayee's legacy is preserved and reproduced by successive leaders of India, honoring his accomplishments.

**The Constitution of Myanmar** Melissa Crouch, 2019-09-05 This timely and accessible book is the first to provide a thorough analysis of the 2008 Constitution of Myanmar, Burma, in its historical, political, and social context. The book identifies and articulates the principles of the Constitution through an in-depth analysis of legal and political processes and practises, particularly since the 1990s. The core argument of this book is that the 2008 Constitution is crucial to the establishment and maintenance of the military state. The military state promotes the leadership role of the military in governance based on a set of ideological commitments and a centralised form of organisation based on the concept of the Union. The book develops this argument by demonstrating how the process of constitution-making and the substance of the 2008 Constitution contribute to its lack of credibility and fuel demands for reform. The vision offered by the 2008 Constitution and its associated institutions has been the subject of fierce contestation, not least for example due to concerns over the militarisation of the state. This book is animated by debates over fundamental ideas such as the nature of democracy, the possibility of peace and federalism, the relationship between the executive and the legislature, relations

between the Union government and sub national governments debates over judicial independence and the oversized role of the Tatmadaw armed forces Central to the future of the Constitution and the military state is the role of the Tatmadaw which will be a key determinant in any potential shift from the present highly centralised partly democratic Union to a federal or decentralised democratic system of governance

**Politics and Constitutions in Southeast Asia** Marco Bunte, Björn Dressel, 2016-07-15 In recent years the constitutional landscape of Southeast Asia has changed tremendously Against a worldwide background of liberalization globalization and democratization states in the region have begun to alter their constitutions reinforcing human rights provisions and putting in place institutional safeguards such as constitutional courts and human rights commissions On closer examination however the picture is very complex with constitutional developments differing greatly between states This book explores a range of current constitutional developments in the different states of Southeast Asia through a distinct political lens Drawing on comparative and single case studies it considers various constitutional areas including constitution drafting human rights legal safeguards and the continuing role of the military sets constitutional developments in the wider political and historical context of each country and makes comparisons both with Western democracies and with other developing regions The book concludes by assessing overall how far constitutional practices and trajectories are converging towards a liberal Western model or towards a distinctly Southeast Asian model

**The State and the Transnational Politics of Migrants: A Study of the Chins and the Acehnese in Malaysia** Sheila Murugasu, 2017-04-13 This book is an exploration of the various types of transnational politics that the Chin and Acehnese people are engaged in particularly in the Malaysian state As with so many migrants elsewhere in the world who try to organize themselves transnationally the Chin and Acehnese have needed to negotiate a challenging socio political landscape that is the Malaysian state Here the author illustrates that migrants don t just travel with their hopes for the future but with grievances and identities which are rooted in their homelands This is a book for those interested in reading an account that reflects the complexities of migrant life in the 21st century an era replete with fluid labour markets deregulated air travel porous borders and political leaders who move transnationally acting as binding agents for the far flung communities they seek to represent

Protracted Refugee Situations Gil Loescher, 2008 Over two thirds of the world s refugees are trapped in protracted refugee situations struggling to survive in remote and insecure parts of the world This volume presents a range of analyses and cases of protracted refugee situations It explores the sources nature and consequences of these situations and the record of the international community s attempts to find durable solutions On this basis the volume addresses protracted refugee situations which incorporates security and development as well as humanitarian actors and attempts to reconcile the policy difficulties which have obstructed progress for many years

Publisher s description **Countries and Territories of the World** , **Daily Report, East Asia** , 1996 *De Gruyter Handbook of Political Parties of the Global South* Lise Storm, 2025-12-15 The De Gruyter Handbook of Political Parties in the

Global South provides a survey of the literature that illuminates a worrying blind spot in current research. While our knowledge of parties and parliamentary democracies in the West is rich and nuanced, the same cannot be said about parties in the Global South. This handbook defines what constitutes a party in practice beyond the borders of the West and the confines of Western academia, particular in non-democratic states. It analyzes parties' way of organizing and their relationship with society. With contributions by leading scholars in the field as well as up and coming scholars, this volume examines parties in the Global South from various perspectives and in the eyes of both the citizenry and the state.
