The Origins of American Racism

**RONALD SANDERS**

*"A compelling string of facts bolsters Sanders' argument, and the very method by which he related to shape America's race history."*

## **Lost Tribes And Promised Lands :**

**Lost Tribes and Promised Lands** Ronald Sanders,1992 An utterly revelatory work Unprecedented in scope detail and ambition **'We Hold These Truths to Be Self-Evident...'** Kenneth N. Addison,2009-02-16 We hold these truths to be self evident An Interdisciplinary Analysis of the Roots of Racism and Slavery in America delves into the philosophical historical socio cultural and political evolution of racism and slavery in America The premise of this work is that racism and slavery in America are the result of an unintentional historical intertwining of various Western philosophical religious cultural social economic and political strands of thought that date back to the Classical Era These strands have become tangled in a Gordian knot which can only be unraveled through the bold application of a variety of multidisciplinary tools By doing so this book is intended help the reader understand how the United States a nation that claims all men are created equal could be responsible for slavery and the intractable threads of racism and inequality that have become woven into its cultural the fabric **Henry Hudson and the Algonquins of New York** Evan T. Pritchard,2019-11-26 The year was 1609 and British explorer Henry Hudson had landed in North America at the bidding of the Dutch East India Company But Hudson was not the first man to set foot on Manhattan Island Henry Hudson and the Algonquins of New York chronicles this historic discovery with a hereto unknown perspective that of the people who met Hudson s boat on their shore Using all available sources including oral history passed down to today s Algonquins Evan Pritchard tells a colonization story through several lenses from Hudson himself as well as his bodyguard scribe and personal Judas Robert Juet to the Eastern Algonquin people who saw his boat as a floating waterfowl and his arrival as the fulfillment of an ancient prophecy **Lies My Teacher Told Me** James W. Loewen,2018-07-17 Every teacher every student of history every citizen should read this book It is both a refreshing antidote to what has passed for history in our educational system and a one volume education in itself Howard Zinn A new edition of the national bestseller and American Book Award winner with a new preface by the author Since its first publication in 1995 Lies My Teacher Told Me has become one of the most important and successful history books of our time Having sold nearly two million copies the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti Racist Scholarship and was heralded on the front page of the New York Times For this new edition Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls an extremely convincing plea for truth in education In Lies My Teacher Told Me James W Loewen brings history alive in all its complexity and ambiguity Beginning with pre Columbian history and ranging over characters and events as diverse as Reconstruction Helen Keller the first Thanksgiving the My Lai massacre 9 11 and the Iraq War Loewen offers an eye opening critique of existing textbooks and a wonderful retelling of American history as it
