Magnus Carlsen:

Endgame Virtuoso Magnus Carlsen Tibor Karolyi, 2018-07-20 Magnus Carlsen's brilliant endgame play has been one of the key reasons for his success. At the age of 13 the Norwegian became the youngest grandmaster in the world, at 19 the youngest number one in the FIDE world rankings and at 22 the second youngest World Champion in history. With his fine technique, great inventiveness, an iron determination, Magnus has won countless endgame positions in which almost everyone else would have settled for a draw. He also has saved endgames that seemed impossible to hold. International Master Tibor Karolyi has studied Carlsen's career and selected more than 90 of his best endgames. He reviews them in chronological order to show how Magnus developed his skills. His technique and his choices are being explained in a manner that is easy to understand for club players. *Endgame Virtuoso Magnus Carlsen* will help you to appreciate Magnus' endgame magic and shows you how to become a better endgame player yourself. A highly instructive, inspiring, and entertaining book. **How**

Tisdall, 2022-01-15 The life of Magnus Carlsen in more than 250 pictures from prodigy to World Chess Champion. **The Grandmaster** Brin-Jonathan Butler, 2018-11-13 A bravura performance. An entertaining book. Kirkus Reviews about the dramatic 2016 World Chess Championship between Norway's Magnus Carlsen and Russia's Sergey Karjakin, which mirrored the world's geopolitical unrest and rekindled a global fascination with the sport. The first week of November 2016, hundreds of people descended on New York City's South Street Seaport to watch the World Chess Championship between Norway's Magnus Carlsen and Russia's Sergey Karjakin. By the time it was over, it would be front-page news and thought by many the greatest finish in chess history. With both Carlsen and Karjakin just twenty-five years old, it was the first time the championship had been waged among those who grew up playing chess against computers. Originally from Crimea, Karjakin had recently repatriated to Russia under the direct assistance of Putin. Carlsen meanwhile had expressed admiration for Donald Trump, and the first move of the tournament he played was called a Trompowsky Attack. Then there was the Russian

leader of the World Chess Federation being barred from attending due to US sanctions and chess fanatic and Trump adviser Peter Thiel being called on to make the honorary first move in sudden death That the tournament even required sudden death was a shock Oddsmakers had given Carlsen the defending champion an eighty percent chance of winning It would take everything he had to retain his title Author Brin Jonathan Butler was granted unique access to the two and half week tournament and watched every move The Grandmaster is not the usual chronicle of a world championship chess match Butler offers insight into what it takes to become the best chess player on the planet A vibrant and provocative look at chess and its metaphorical battle for territory and power Booklist [Magnus Carlsen: 60 Memorable Games](#) Andrew Soltis,2020-11-12 Following on from the long success of one of the most important chess books ever written Bobby Fischer My 60 Memorable Games renowned chess writer Andrew Soltis delivers a book on today s blockbuster chess player Magnus Carlsen Magnus Carlsen has been the world s number one player for more than a decade has won more super tournaments than anyone ever and is still in his prime He is the only player to repeatedly win the world championships in classical speed and blitz chess formats This book details his remarkable rise and how he acquired the crucial skills of 21st century grandmaster chess He will defend his world championship title this autumn and if he wins it will set a record of five championship match victories This book take you through how he wins by analysing 60 of the games that made him who he is describing the intricacies behind his and his opponent s strategies the tactical justification of moves and the psychological battle in each one **Endgame Virtuoso Magnus Carlsen** Tibor Karolyi,2023-03-23 Magnus Carlsen s brilliant endgame play is one of the key reasons for his success The World Chess Champion can win positions which look drawn to anybody else And more than any other player he is able to save bad endings For this second volume of Magnus Carlsen Endgame Virtuoso International Master Tibor Karolyi has selected Carlsen s best endgames from 2018 2022 whereas the first volume covered 1999 2017 Reviewing these new games and explaining what Magnus was doing the author was thoroughly impressed Even Carlsen who in 2017 was already the best endgame player of all time with Anatoly Karpov had managed to improve his skills further Carlsen has it all He can find deep ideas play very technically and is exceptionally well versed in strategic and tactical endgames The author is convinced that this new selection contains even better and more instructive games than Volume one Karolyi explains the general ideas in the games and gives concrete variations Exploring these annotated endgames you will soon get a good sense of what is happening You will find out that Carlsen does not rush unless it is necessary You will learn how Carlsen increases the pressure and uses all available resources And you will see that sooner or later his opponents will start playing second best moves feeling uncomfortable following up with some dubious decisions and finally cracking Endgame Virtuoso Magnus Carlsen Volume 2 is a highly instructive inspiring and entertaining book It will help you appreciate Magnus endgame magic and improve your skills in this important game phase [Tactics Training - Magnus Carlsen](#) Frank Erwich,2016-02-02 Have you always wanted to play chess like a World Champion This tactics training book
