Excel Science Study Guide, Years 9-10 Will Marchmont, 2004. The book contains coverage of five major topic areas in the NSW School Certificate test: Energy, Force and Motion, Atoms, Elements and Compounds, Structure and Function of Living Things, Earth and Space, Ecosystems, Resources and Technology, a chapter on Investigations and Problem Solving in Science to help with practical skills, revision questions and chapter tests to help you remember important information, a glossary and summary in each section of the book, diagrams and illustrations to help your understanding, a section to help you prepare for the School Certificate test, a sample School Certificate test paper with answers, answers to all questions.

The Who-Man Chronicles Patrick Miele, 2023-03-15. About the Book: Despite the words on the cover, the pages in no way are a type of a self-help rehabilitation guide, informative in any way, nor will you gain knowledge in any way. Instead, if you have ever been diagnosed with ADHD or not and just went through undetected, as there are more out there than you think there is, absolutely no structure. Author Patrick Miele often changes direction in mid-thought and there are no chapters more than about three pages long. If you get a "I never thought of that," Yeah, he's right on there. I hate it when that happens or just a chuckle, then his intentions of *The Who Man Chronicles* have been achieved. The entire memoir was written during a two-year off-and-on stint in drug/alcohol rehabilitation inpatient treatment programs. This was supposed to be his journal/notebook during sessions, but he strayed a bit. Two years later, these pages were compiled. As a people observer, Patrick is intrigued by human behavior and some of the idiosyncrasies of society, and these rehabs were an observer's utopia. If you don't comprehend the concept of random thoughts, you will, by the time you finish reading these pages.

About the Author: Patrick Miele was a high school physical education/English teacher in the town of Westford, MA, for 26 years. He coached baseball, wrestling, golf, and volleyball during that time and bartended in various places all over Massachusetts. He ran summer camps and clinics as a form of fundraising for his school. Some of his demons and a major back surgery forced him to early retirement. He was a workaholic, so when he early retired, lull time was his worst enemy. As a result, he really hit the bottle, and his physical pain caused him to give up golfing and a Manchester, NH, baseball team he played for. Drinking got heavier with all his spare time and living alone after a recent divorce, which is why he ended up in the rehabs. Patrick currently lives in Worcester, MA. He takes an annual golf trip to the mountains of Maine, Vermont, and New Hampshire with a dozen of his friends from old baseball/softball teams. His family is from Billerica, MA; he has two sisters, Eva and Betty, and a brother, Bruce. He has a daughter, Amanda, 22 years old, who lives in Bridgewater, MA. Patrick went to Worcester State College, received a degree in English and Physical Education, and played baseball and started his bartending journey, mistake sticking with it for almost 40 years, but now he would be like a kid working a candy counter.
