*Easy WP Guide WordPress Manual* Anthony Hortin, 2015-10-23 It might be easier to say what this guide isn't rather than what it is. It isn't an in-depth look at every single function available within the WordPress dashboard. Nor is it a guide to help you develop or modify WordPress themes. It's an easy-to-follow WordPress manual that will help you to get an overall understanding of how you use the various features within the WordPress Dashboard to keep your website or blog updated. The official WordPress Codex is great if you want to get really involved in developing your own WordPress theme or modifying your site with plugins, but it can be a bit daunting for those users who just want a simple guide to using the Content Management side of WordPress or just need to update their site pages every so often. The Easy WP Guide will teach you how to add content to your website and keep it updated simply and easily. This version has been completely updated for use with WordPress 4.3.

REVIEW Denise Galloway reviewed *Easy Wordpress Tutorial For Beginners*. *Easy Wordpress Handbook With Screen Shots* Wordpress A GREAT book for a beginner. September 2, 2013. I would give this book 7 stars if I could. I have to say for someone who is not computer savvy when it comes to technical stuff, that this was the easiest book I have ever read. Jared is right to the point and if you follow his steps to the letter, you cannot go wrong. He includes step-by-step pictures just as the cover implies. If your screen does not match the picture, go back and do it again. Also, he mentioned that he would email anybody who purchased the book updates as he creates them. So far, I have received two updates. I had a question over a holiday weekend, so I emailed Jared. I was hoping that I would get a response sometime within the week, certainly not expecting an answer the same day. And on a holiday, you just don't get that kind of service very often, so I thought it was worth sharing. Thanks again, Jared. I hope you create more books.
