**The Series Blueprint** Heather Cardona, 2026-01-06 Plotting a series isn't just plotting one book repeatedly. It's a different creature entirely. If a standalone novel is a sprint, a series is a marathon, one with shifting terrain, expanding casts, escalating stakes, and the constant fear that you've written yourself into a corner by Book Three. *The Series Blueprint* is your long-range guide to building a series that actually works from the first book to the final payoff. This isn't a book of rigid formulas or paint-by-numbers outlines. It's a strategic framework for thinking like a series writer, planning with intention, pacing with purpose, and designing stories that grow instead of collapse under their own weight. Inside, you'll learn how to design a series with a clear destination before plot drift takes over, choose the right series structure for your genre, audience, and goals, build book-level arcs that serve a bigger long-form story, decide between saga, episodic, or hybrid models with confidence, track character growth, worldbuilding, and continuity without overwhelm, balance creativity with strategy without killing your spark, and finish a series feeling proud instead of burned out. Whether you're planning your first series, halfway through a tangled one, or staring at a world that no longer makes sense, *The Series Blueprint* meets you where you are. Because a series isn't just multiple books, it's one long story told in deliberate stages. Plot it like one, and your future self will thank you. Probably with coffee.

This standalone novella takes place in the shared universe of *The Vampires of Emberbury* and *The Witches of Ibiza*. When Tanaya, a lone wolf, accepts a mission to recover an ancient grimoire, one thing is certain: vampires are the enemy. But magic doesn't care about prejudice or inherited grudges. Following

the trail of the book Tanaya ventures through a snow covered forest to a remote monastery hidden in the mountains There a coven of witches prepares for a masquerade ball on the longest night of the year Alois a cultured refined and dangerously charming vampire has been sent after the same object The laws of their worlds are clear wolves and vampires must never mix But when a snowstorm traps them among frozen woods ancient secrets and unstable spells Tanaya and Alois are forced to work together The codex they seek could unleash a power capable of ending all supernatural beings or changing the fate of their worlds forever Between masks and candlelight almost kisses and truths that hurt more than any fang Tanaya must decide what she s willing to sacrifice Her mission Her loyalty Or the vampire she was never meant to fall for Inside these pages A standalone paranormal romance with a happy ending Enemies to lovers wolf shifter and vampire Snowstorm ancient monastery and witch coven Masquerade ball on the night of the solstice Magic danger and romantic tension throughout Solstice of Wolves is a winter romance meant to be read under blankets with a warm cup of tea and a love that feels impossible until it isn t This novella can be read independently and connects to the series The Vampires of Emberbury The Witches of Ibiza
