Pugh,2025-04-10 What is the difference between a star born in the South and a southern star In Southerners Acting Southern Tison Pugh answers this intriguing question pondering the ways in which some performers from the South metamorphose

into southern stars by accentuating their geographic and cultural roots as key aspects of their star personas Many celebrities particularly actors seek to transcend their hometown roots in favor of achieving an all American appeal but some stars born in the South build their national and international fan base by emphasizing the southern aspects of their biography and by leaning into regional clichés and stereotypes that percolate throughout the U S cultural imaginary In turn some southern stars trot out the region's hoariest tropes of fading belles gullible country rubes and the succors of southern hospitality only to reveal the shallowness of these stereotypes and of their celebrity personas as well Covering more than one hundred years of cultural history *Southerners Acting Southern* allows readers to gauge the South's often reluctant progress into modernity including discussions on the intersection of race and celebrity for the region's Black stars and its increasing if hesitant embrace of queer ones Chapters feature a wide ranging selection of southern celebrities including Louis Armstrong Truman Capote Elvis Presley Tennessee Williams Andy Griffith Tina Turner Dolly Parton Tom Petty Gloria Estefan Oprah Winfrey Reese Witherspoon Jenna Bush Hager Ellen DeGeneres Tyler Perry Matthew McConaughey Aziz Ansari and Miley Cyrus *Southerners Acting Southern* moves from past to present from musicians to media personalities discerning the ways in which southernness contributes to the building of personal celebrity Altogether this luminous work of cultural criticism reveals that southern stargazing as much as it might initially appear a flighty pastime of overzealous fans divulges deeper truths about the South and the United States as a whole that might otherwise pass unnoticed
