The Medusa Gaze in Contemporary Women's Fiction Gillian M. E. Alban, 2017-08-21 The Medusa Gaze offers striking insights into the desires and frustrations of women through the narratives of the impressive contemporary novelists Angela Carter Toni Morrison Sylvia Plath Margaret Atwood A S Byatt Iris Murdoch Jeanette Winterson Jean Rhys and Michelle Roberts It illuminates women's power and vulnerability as they construct their own egos in opposition to their hostile alter egos or others facing them in their mirrors and fixes a panoptic gaze on the women stalking its pages as they learn how to deflect the menacing gaze of others by returning their look defiantly back at them Some stare back and win assurance others are stared down reduced to psychic trauma madness and even suicide The book shows how Freud's Sartre's and Lacan's androcentric views define the Medusa in other as monstrous and how the efforts of mothers to nurture may be slighted as inadequate or devouring It presents Medusa and other goddess figures as inspirational repelling harm through the evil eye of their powerful gaze Conversely it also shows women who are condemned as monstrous Gorgons trapped in enmity rivalry and rage Representing English American and African American Canadian and Caribbean writing the works explored here include realistic social narrative and magical realist writings in addition to tales of the past and dystopian narratives

The Holiday from Hell Carole and David McEntee-Taylor, 2011-11-19 The Adventure holiday of A lifetime It had been billed as the holiday of a lifetime A destination with everything a holiday maker could possibly want There were towns and cities where they could shop until they dropped and beaches clubs and nightlife with all kinds of exotic food and drink and anything else they might feel like trying There were desserts that stretched into infinity mountains that scaled incredible heights and seas that could challenge even the most jaded pallet For those of a quieter persuasion there was an abundance of gently rolling countryside in which to relax So just where did it all go wrong Just when was it that their dream holiday turned into the Holiday from Hell For many people on our planet this could be said to be an apt description of their journey through life From the pain of individual relationships to the devastation of natural disasters and wars it's no wonder we sometimes question the reasons we are here The Holiday from Hell describes our spiritual journey from the beginning of our holiday on the earth plane to the end of our time in this physical body It argues that if we change our perceptions of why we are here and begin to understand the origins of some of our political and religious conflicts we can at last begin to enjoy our lives

A Rose Is Never Just a Rose in Fairytales Mary Weiss, 2016-09-01 Stories are powerful everyone knows that They are rife with meaningful imagery and symbolism they are mirrors that enable folk to see themselves as they truly are And while there

are no right or wrong ways to interpret those myriad symbols there are ways that are more helpful than harmful One such symbol is the uninvited guest who has been dubbed wicked Yet she is the very one to help a world run by adolescents oblivious to their destructive way

A Topography Plagued by Marginality in Victorian Novels Catalina Balinisteanu-Furdu,2022-04-12 The purpose of this book is to analyse how marginality is experienced by the Other women orphans children labourers in Victorian literature and how these individuals succeed in transgressing borders or attempt at doing this The Other uses many strategies to climb the social ladder and to preserve a certain social position marrying into a superior social class subverting the master s position and usurping him acquiring education and knowledge to become superior tempting the master into passionate love affairs approaching interpersonal communication or staying true to one s own self defending ones moral values accepting lessons of domesticity becoming an angel in the house travelling to unknown territories exchanging reality for fictional worlds and so on On their way of achieving their goals the Others are shown in different spaces which contribute to the construction of their identity Our survey unfolds the complexity of the marginalization experience of the Victorian Others their individual or collective mentality and their agency Drawing on Otherness from six Victorian novels our book takes an interpretative approach The analysis of spaces revealed how the positionality of women or orphans or labourers in social hierarchies of gender race and legal status influences and even affects their legitimacy or access to a superior position Their agency has not always overcome their marginalization embedded within the structure of society but at least temporarily and gradually it has improved the women s living conditions by being rewarded with a beautiful family or by earning a living thus eluding the dependency on a man By contextualizing the six novels into the Victorian Age our survey will hopefully contribute to the understanding of women and of their attempts at emancipation by demonstrating how their positionality impacts their agency and their personality

At the Edge of Existence Brandon West,2021-12-13 Few scary stories begin with a disclaimer that they are fictional Instead they claim to be true even when they are not Such stories blur the line between fiction and reality pushing audiences to consider where fiction ends and reality begins These kinds of horror stories comprise the understudied subgenre of liminal horror As the first book on this subject this volume surveys a variety of liminal horror films It discusses the different variations within liminal horror s sub genres and considers why horror films are obsessed with the natures of and borders between fiction and reality After first laying out the basic traits of the horror genre in the context of liminality this book then dives into film more specifically and how the medium is uniquely situated to explore the movement between the fictional and the real Through lenses such as dreaming memory and perception the following chapters explore the role liminal horror plays in the the human psyche s subconscious unconscious and the various functions of the human mind in perceiving or misperceiving reality
