

	12/31/01	12/31/02
Assets	40,000	60,000
Liabilities	20,000	35,000
Capital Stock	15,000	10,000

And given the following information related to dividends and expenses during the year ended on the noted dates:

	12/31/02
Dividends for year	700
Expenses for year	9,000

Determine the amount of Revenues for the year ended 12/31/02.....

Assets = LIAB + EQUITY

CC + RE

01	40,000	20,000	15,000 + 5,000
02	60,000	35,000	10,000 + 9,000
Δ	+20,000	+15,000	+1,000 + 4,000

4,700 = NI - Div - 700

NI = ?

Rev - exp = 4,700

Rev - 9,000 = 4,700

Rev = 13,700

Fundamental Accounting Equation Problems And Solutions:

C.P.A. Review Answers, Covering Questions and Problems Presented in Book Entitled C.P.A. Review Clem Wetzell Collins,1928 *Fundamental Accounting Principles* WILD,2017-09-11 *Fundamental Accounting Principles*

Fundamental Accounting Principles Kermit D. Larson,Raymond F. Carroll,Tilly Jensen,2001-05-23 *Fundamental Accounting Principles* remains the most successful introductory accounting text in Canada The 10th Canadian Edition benefits from a winning new author team and a research and development process that is unprecedented in Canadian College Publishing The result is a highly market driven text that responds to the evolving needs of today s classroom The text s hallmarks readability superior problem material and high production value have been expanded and improved reflecting extensive user and reviewer feedback With a sole proprietor focus the text patiently brings the student into the accounting cycle and the key financial statements with an appreciation for the role and importance of the accounting function stressed throughout The 10 c e is available in 3 volumes or in a hardbound financial accounting version **Basic Accounting**

Interview Questions and Answers for Freshers - English Navneet Singh, Here are some basic accounting interview questions and answers that would be useful for freshers 1 What is accounting Answer Accounting is the systematic process of recording analysing and reporting financial transactions of a business It provides critical information for decision making ensuring that the financial performance and position of an organization are accurately represented 2 What are the different types of accounting Answer The main types of accounting include Financial Accounting Recording and reporting financial transactions to provide a clear financial picture to external stakeholders Management Accounting Providing information to managers for decision making planning and performance evaluation Cost Accounting Analysing the cost of production and operations to control expenses Tax Accounting Preparing tax returns and planning for future tax obligations 3 What are the fundamental accounting principles Answer The fundamental accounting principles include Accrual Principle Transactions are recorded when they occur not necessarily when cash is exchanged Consistency Principle The same accounting methods should be used from period to period Going Concern Principle Assumes that the business will continue to operate indefinitely Matching Principle Expenses should be matched with the revenues they help to generate Prudence Principle Revenues and profits are not anticipated but expenses and losses are provided for as soon as they are recognized 4 What is the accounting equation Answer The accounting equation is Assets Liabilities Equity This equation forms the foundation of double entry bookkeeping where every transaction affects at least two accounts 5 What is double entry bookkeeping Answer Double entry bookkeeping is an accounting system where each transaction is recorded in at least two accounts This system ensures that the accounting equation Assets Liabilities Equity always remains balanced For every debit entry there is a corresponding credit entry 6 What are financial statements Answer Financial statements are formal records of the financial activities of a business They include Balance Sheet Shows the company s financial position at a specific point in time Income Statement

Reports the company's financial performance over a specific period
Cash Flow Statement Provides information about the company's cash inflows and outflows over a period
7 What is depreciation Answer Depreciation is the process of allocating the cost of a tangible asset over its useful life It accounts for the wear and tear usage and obsolescence of the asset Common methods of depreciation include straight line declining balance and units of production
8 What is a trial balance Answer A trial balance is a report that lists the balances of all general ledger accounts at a particular point in time It is used to verify that the total debits equal the total credits ensuring that the accounting entries are accurate
9 What is working capital Answer Working capital is the difference between a company's current assets and current liabilities It measures a company's short term liquidity and operational efficiency
10 What is the difference between accounts payable and accounts receivable Answer Accounts Payable AP Amounts a company owes to suppliers or creditors for goods or services received Accounts Receivable AR Amounts a company is owed by customers for goods or services delivered
11 What is a ledger Answer A ledger is a book or collection of accounts in which account transactions are recorded Each account has its own page showing all the debits and credits affecting it and the account's balance
12 What is a journal entry Answer A journal entry is a record of a financial transaction in the accounting journal Each entry consists of the date of the transaction the accounts involved the amounts to be debited and credited and a brief description of the transaction
13 What is accrual accounting Answer Accrual accounting is a method where revenue and expenses are recorded when they are earned or incurred regardless of when cash is exchanged This provides a more accurate picture of a company's financial position and performance
14 What is a balance sheet Answer A balance sheet is a financial statement that shows a company's assets liabilities and equity at a specific point in time It provides a snapshot of the company's financial condition
15 What is an income statement Answer An income statement also known as a profit and loss statement reports a company's revenues expenses and profits or losses over a specific period It shows how revenue is transformed into net income
These questions and answers should provide a good foundation for freshers preparing for an accounting interview

Accounting for Financial

Instruments Emanuel Camilleri, Roxanne Camilleri, 2017-05-12
Accounting for Financial Instruments is about the accounting and regulatory framework associated with the acquisition and disposal of financial instruments how to determine their value how to manage the risk connected with them and ultimately compile a business valuation report Specifically the book covers the following topics amongst others Accounting for Investments Bills of exchange Management of Financial Risks Financial Analysis including the Financial Analysis Report Valuation of a business including the Business Valuation Report and Money laundering
Accounting for Financial Instruments fills a gap in the current literature for a comprehensive text that brings together relevant accounting concepts and valid regulatory framework and related procedures regarding the management of financial instruments investments which are applicable in the modern business world Understanding financial risk

management allows the reader to comprehend the importance of analysing a business concern This is achieved by presenting an analytical framework to illustrate that an entity s performance is greatly influenced by its external and internal environments The analysis of the external environment examines factors that impact an entity s operational activities strategic choices and influence its opportunities and risks The analysis of the internal environment applies accounting ratio analysis to an entity s financial statements to examine various elements including liquidity profitability asset utilisation investment working capital management and capital structure The objective of the book is to provide a fundamental knowledge base for those who are interested in managing financial instruments investments or studying banking and finance or those who wish to make financial services particularly banking and finance their chosen career Accounting for Financial Instruments is highly applicable to both professional accountants and auditors and students alike *Oswaal CBSE Question Bank Class 11 Accountancy, Chapterwise and Topicwise Solved Papers For 2025 Exams* Oswaal Editorial Board,2024-02-03 Description of the product 100% Updated Syllabus Question Typologies We have got you covered with the latest and 100% updated curriculum along with the latest typologies of Questions Timed Revision with Topic wise Revision Notes Smart Mind Maps Study smart not hard Extensive Practice with 1000 Questions SAS Questions Sri Aurobindo Society To give you 1000 chances to become a champ Concept Clarity with 500 Concepts Concept Videos For you to learn the cool way with videos and mind blowing concepts NEP 2020 Compliance with Competency Based Questions Artificial Intelligence For you to be on the cutting edge of the coolest educational trends **Methods of Teaching Accounting** Vernon A. Musselman,1979
