Fundamentals of Multinational Finance Michael H. Moffett, Arthur I. Stonehill, David K. Eiteman, 2006 Written for the undergraduate student Fundamentals of Multinational Finance Second Edition is a focused streamlined adaptation of the market leading classic Multinational Business Finance Committed to preparing the leaders of tomorrow's multinational enterprises the authors have included numerous mini cases and real world examples to teach students to recognize the challenges and benefit from the opportunities inherent in modern global markets Lucid explanations and engaging vignettes are rendered in the authoritative voice of the best selling authors

The Basics of Foreign Exchange Markets William D. Gerdes, 2018-03-19 In an increasingly interdependent global economy an understanding of foreign exchange markets is more critical than ever These markets are inextricably entwined with underlying monetary standards and consequently they are treated conjointly in this book Four different foreign exchange rate regimes are analyzed including exchange rates under commodity money fiduciary money fiat money with fixed exchange rates and fiat money with flexible exchange rates For more than eight decades most countries have operated with fiat money Proponents maintain that fiat money provides individual countries with much greater monetary autonomy Yet both analytics and experience indicate that this is not always the case Whether a country has more monetary autonomy depends on whether fiat money is paired with fixed or flexible exchange rates Although flexible exchange rate regimes are not without their critics it has become increasingly apparent that fiat money with flexible rates provides individual countries much greater monetary autonomy This arrangement allows participants in foreign exchange markets greater latitude for adjusting to the wide variations in national monetary policies that are prevalent with fiat money Several audiences may find this book beneficial undergraduate students in economics and finance students of international business graduate students students in executive programs who need to expand their knowledge of international finance and practicing executives and managers especially those who are employed by companies operating globally
