Pmbok Current Edition:

Project Management Workbook and PMP / CAPM Exam Study Guide Harold Kerzner, Frank P. Saladis, 2013-07-03
This is the Eleventh Edition of the student workbook that accompanies the best selling bible of project management. The workbook contains additional problems and exercises to reinforce the concepts presented in the main text. It also serves as a self study guide for the Project Management Professional PMP certification exam to be based on PMI's PMBOK Guide 5E. Both as accompanying supplement to Kerzner's text and as standalone self study guide, this workbook gives students key insights from the acknowledged world leader in project management. PMI PMBOK CAPM PMP and Project Management Professional are registered marks of the Project Management Institute Inc. **Most Frequently Asked Concepts on the PMP Examination** Anil Mishra, PMP, 2017-10-04
Want to pass the PMP examination quickly? PMP exam aspirants are practising managers busy leading projects. This leaves them with very little preparation time. Here comes help. It has been observed that 60% of the questions that appear in the PMP examination are from 40% of the test areas. **Most Frequently Asked Questions on the PMP Examination** aims to begin your preparation from core concepts and then build your knowledge over it. This book arms you with all the tools to pass the examination with ease. The book also includes a separate FAQ section which answers preparation related questions on every aspirant's mind. **The Project Management Answer Book** Jeff Furman, PMP, 2014-12
If it's essential to project management, it's in here. The first edition of **The Project Management Answer Book** addressed all the key principles of project management that every project manager needs to know. With a new chapter on scrum agile updates throughout and many new PMP test tips, this new edition builds on that solid foundation. The structure of this update maps closely to the PMBOK Guide Fifth Edition and is designed to assist anyone studying for the PMP and other certification exams. Helpful sections cover Networking and social media tips for PMs including the best professional organizations, virtual groups, and podcast resources. The formulas PMs need to know, plus a template to help certification candidates prepare and self test for their exams. Quick study sheet for the processes covered on the PMP exam. Key changes in PMBOK Guide Fifth Edition for readers familiar with earlier versions who want the skinny on the new version. PMs at every level will find real gold in the information nuggets provided in this new edition. Those new to project management will find the comprehensive coverage and the depth of the answers especially valuable and will like the easy to read style and Q & A format. For experienced managers looking for new tools and skills to help them pass their PMP or other certification exams, this is a must have resource. **PMBOK Guide** Antonia Antonia Steed, 2021-07-31
PMBOK Guide is the go to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new approaches, and rapid market changes. Reflecting this evolution, **The Standard for Project Management** enumerates 12 principles of project management and the PMBOK Guide Seventh Edition is structured around eight project performance domains. This edition is designed to address practitioners' current and future needs and to help them be more proactive.

innovative and nimble in enabling desired project outcomes This edition of the PMBOK Guide Reflects the full range of development approaches predictive adaptive hybrid etc Provides an entire section devoted to tailoring the development approach and processes Includes an expanded list of models methods and artifacts Focuses on not just delivering project outputs but also enabling outcomes and Integrates with PMI standards for information and standards application content based on project type development approach and industry sector

Risk Management PMP, PMI-RMP, EVP, Carl L. Pritchard, 2014-12-17 This new edition of *Risk Management Concepts and Guidance* supplies a look at risk in light of current information yet remains grounded in the history of risk practice Taking a holistic approach it examines risk as a blend of environmental programmatic and situational concerns Supplying comprehensive coverage of risk management tools practices and protocols the book presents powerful techniques that can enhance organizational risk identification assessment and management all within the project and program environments Updated to reflect the Project Management Institute's A Guide to the Project Management Body of Knowledge PMBOK Guide Fifth Edition this edition is an ideal resource for those seeking Project Management Professional and Risk Management Professional certification Emphasizing greater clarity on risk practice this edition maintains a focus on the ability to apply planned clairvoyance to peer into the future The book begins by analyzing the various systems that can be used to apply risk management It provides a fundamental introduction to the basics associated with particular techniques clarifying the essential concepts of risk and how they apply in projects The second part of the book presents the specific techniques necessary to successfully implement the systems described in Part I The text addresses project risk management from the project manager's perspective It adopts PMI's perspective that risk is both a threat and an opportunity and it acknowledges that any effective risk management practice must look at the potential positive events that may befall a project as well as the negatives Providing coverage of the concepts that many project management texts ignore such as the risk response matrix and risk models the book includes appendices filled with additional reference materials and supporting details that simplifying some of the most complex aspects of risk management
