SACAC and the South African Institute of Measurement and Control SAIMC the South African Institute of Electrical Engineers SAIEE and the South African Institute for Mining and Metallurgy SAIMM The combined team set about organising the first major IFAC international symposium in South Africa since 1976 The theme for the Symposium was based on the need to promote technology transfer and papers which addressed this issue were favoured With over 50% of the authors from other countries a significant opportunity for technology transfer into South Africa was created which is in keeping with the overall theme
