Love and Duty Angela Esco Elder, 2022-03-10 Between 1861 and 1865 approximately 200 000 women were widowed by the deaths of Civil War soldiers They recorded their experiences in diaries letters scrapbooks and pension applications In Love and Duty Angela Esco Elder draws on these materials as well as songs literary works and material objects like mourning gowns to explore white Confederate widows stories examining the records of their courtships marriages loves and losses to understand their complicated relationship with the Confederate state Elder shows how in losing their husbands many women acquired significant cultural capital which positioned them as unlikely actors to gain political influence Confederate officialdom championed a particular image of white widowhood the young wife who selflessly transferred her monogamous love from her dead husband to the deathless cause for which he d fought But a closer look reveals that these women spent their new cultural capital with great shrewdness and variety Not only were they aware of the social status gained in widowhood they also used that status on their own terms turning mourning into a highly politicized act amid the battle to establish the Confederacy s legitimacy Death forced all Confederate widows to reconstruct their lives but only some would choose to play a role in reconstructing the nation
