Ubik Philip K Dick

Philip K. Dick

Ubik Philip K Dick:

Ubik Philip K. Dick, 1952
Humanity now enjoys a range of psychic abilities. Glen Runciter runs his own organization employing inertials, those capable of blocking telepathic and precognitive waves to enforce people's privacy. When he and a hand-picked team travel to the moon in order to secure a business magnate's lunar facilities, they walk straight into an explosive trap. And now Runciter is dead. Or is he? SOMEONE died in the bomb blast. But his mourning employees are receiving bewildering messages from him. And the world around them is warping and regressing in ways which suggest that their own time is running out.

Ubik Philip K. Dick, 2012-04-17
Named one of Time's 100 Best Books. *Ubik* is a mind-bending classic novel about the perception of reality from Philip K. Dick, the Hugo Award-winning author of *The Man in the High Castle*. From the stuff of space opera, Dick spins a deeply unsettling existential horror story, a nightmare you'll never be sure you've woken up from. Lev Grossman. Time. Glen Runciter runs a lucrative business deploying his teams of anti-psychics to corporate clients who want privacy and security from psychic spies. But when he and his top team are ambushed by a rival, he is gravely injured and placed in half-life, a dreamlike state of suspended animation. Soon, though, the surviving members of the team begin experiencing some strange phenomena, such as Runciter's face appearing on coins and the world seeming to move backward in time. As consumables deteriorate and technology gets ever more primitive, the group needs to find out what is causing the shifts and what a mysterious product called *Ubik* has to do with it all. More brilliant than similar experiments conducted by Pynchon or DeLillo. Roberto Bolaño.

Ubik Philip K. Dick, 2012
An innovative and original screenplay based on Philip K. Dick's masterpiece.

Ubik Philip K. Dick, 2017-09-14
Glen Runciter is dead. Or is he? Someone died in the explosion orchestrated by his business rivals, but even as his funeral is scheduled, his mourning employees are receiving bewildering messages from their boss. And the world around them is warping and regressing in ways which suggest that their own time is running out. If it hasn't already.

Worlds and Selves Falling Apart - The Science Fiction of Philip K. Dick Markus Widmer, 2007-07-29
Swiss Diploma Thesis from the year 2000 in the subject American Studies Literature grade 1.5. A University of Zurich English Seminar. 77 entries in the bibliography. Language: English. Abstract: Philip K. Dick's science fiction can be seen as a discussion of the human condition in a world where nothing is what it seems. Human identity has become uncertain, as has the nature of reality itself. This Dickian ontology has a striking similarity to postmodernist theories by thinkers such as Jameson, Baudrillard, and McHale, most of whom, by the way, have a weak spot for science fiction. The discussion of Philip K. Dick's novels and short stories against a backdrop of postmodernist theory leads to conclusions that are not only relevant for the author's particular poetics but for the ontology of our lives in times that science fiction couldn't have imagined. This work focusses on Philip K. Dick's unstable worlds and subjects investigating Dickian space-time and meaning, as well as the author's subjects and the question of schizophrenia and paranoia. Works discussed include *Ubik*, *Time Out of Joint*, *The Man in the High Castle*, *A Maze of Death*, *Eye in the Sky*, *A Scanner Darkly*, *Martian Time Slip*, and *Impostor*.
