**Creating a Game Environment in Blender and Unity**, 2015. Learn how to model and texture a game environment like the detailed city scene shown in this course in Blender. Author Darrin Lile provides a how and why overview of the entire process, starting with modeling sections of the environment which can be used to construct the game level in a modular way. Next, Darrin shows how to UV map the objects in the scene and how to use Photoshop to create the textures. Finally, he goes over the process of exporting the assets to the Unity game engine, where he adds materials and textures and tests the scene.
