Communication Daniel M. Dunn, Lisa J. Goodnight, 2016-05-23 *Communication Embracing Difference 4e* stresses the importance of understanding and celebrating difference as a means to becoming a more effective communicator. This text describes basic communication theory in everyday non-technical terms and offers students an abundance of opportunities to analyze, understand, practice, and apply skills to real-life situations presented in the book and encountered in their own daily lives. *Communication Embracing Difference* emphasizes the practical application of communication skills in interpersonal, small group, and public settings, which will help students become more confident and successful communicators. Targeting both mainstream students and non-traditional students who range widely in age, ethnicity, race, religion, sexual orientation, social roles, and socio-economic status, this text is designed with an overall approach that resonates with the diverse student populations making up so many campuses today.

Interviewing: Principles and Practices Charles Stewart, William Cash, 2010-09-29 *Interviewing Principles and Practices* the most widely used text for the interviewing course continues to reflect the growing sophistication with which interviewing is being approached, incorporating the ever-expanding body of research in all types of interview settings, recent communication theory, and the importance of equal opportunity laws on interviewing practices. It provides the most thorough treatment of the basics of interviewing, including the complex interpersonal communication process, types and uses of questions, and the structuring of interviews from opening to closing.
