Responsible Strategic Thinking for Business and Society Olivia Ramsbottom,2025-07-10 This exciting new text
investigates the true essence of strategic thinking and explores the need for alternative responsible approaches in a complex
global environment Existing definitions of strategy and strategic management and leadership are examined challenging
previous ways of thinking that no longer relate to the way private public and third sector organisations operate Enriched by a
diverse and experienced panel of contributors chapters characterise the global systems which influence strategic thinking by
spanning themes of politics economics society technology the legal framework leveraging Generation Z s values
environmental sustainability and ethics Supported by detailed global case studies from well known and smaller brands
examples show how business and organisation leaders have thought differently to bring about change The work concludes by
providing a systemic view toolkit which shows what can be done to optimise strategic thinking for change and longevity To
aid comprehension each chapter includes a clear outline and Key Points as well as a summary Written in an accessible style
this title is intended as introductory and recommended reading for advanced undergraduate and postgraduate students of
Strategic Management and Leadership who are interested in how strategic thinking relates to the global political economic
and social environment Online supplementary resources include PowerPoint slides as well as recommendations for further
reading within each chapter   *Benefits Realization Management* Carlos Eduardo Martins Serra,2016-10-14 Benefits
realization management BRM is a key part of governance because it supports the strategic creation of value and provides the
correct level of prioritization and executive support to the correct initiatives Because of its relevance to the governance
process BRM has a strong influence over project success and is a link between strategic planning and strategy execution This
book guides portfolio program and project managers through the process of benefits realization management so they can
maximize business value It discusses why and how programs and projects are expected to enable value creation and it
explains the role of BRM in value creation The book provides a flexible framework for Translating business strategy drivers

into expected benefits and explains the subsequent composition of a program and project portfolio that can realize expected benefits Planning the benefits realization expected from programs and projects and then making it happen Keeping programs and projects on track Reviewing and evaluating the benefits achieved or expected against the original baselines and the current expectations To help project program and portfolio managers on their BRM journey as well as to support business managers in executing business strategies the book identifies key organizational responsibilities and roles involved in BRM practices and it provides a simple reference that can be mapped against any organizational structure A detailed and comprehensive case study illustrates each phase of the BRM framework as it links business strategy to project work benefits and business value Each chapter ends with a series questions that provide a BRM self assessment The book concludes with a set of templates and detailed instructions to ensure successful deployment of BRM   California Management Review ,2010

   Project Management Jack R.
