Framework Gothic Fantasy:

Dracula's Crypt Joseph Valente, 2002 An ingenious reappraisal of a classic text Dracula's Crypt presents Stoker's novel as a subtly ironic commentary on England's preoccupation with racial purity Probing psychobiographical political and cultural elements of Stoker's background and milieu Joseph Valente distinguishes Stoker's viewpoint from that of his virulently racist hypermasculine vampire hunters showing how the author's dual Anglo-Celtic heritage and uncertain status as an Irish parvenu among London's theatrical elite led him to espouse a progressive racial ideology at odds with the dominant Anglo-Saxon supremacism In the light of Stoker's experience the shabby genteel Count Dracula can be seen as a doppelgänger an ambiguous figure who is at once the blood-conscious landed aristocrat and the bloodthirsty foreign invader

BOOK JACKET The Curse of the Werewolf Bourgault du Coudray Chantal, 2006-08-25 Half man half myth the werewolf has over the years infiltrated popular culture in many strange and varied shapes from Gothic horror to the body horror films of the 1980s and today's graphic novels Yet despite enormous critical interest in myths and in monsters from vampires to cyborgs the figure of the werewolf has been strangely overlooked Embodying our primal fears of anguished masculinity of the beast within the werewolf argues Bourgault du Coudray has revealed in its various lupine guises radically shifting attitudes to the human psyche Tracing the werewolf's use by anthropologists and criminologists and shifting interpretations of the figure from the scientific to the mythological and psychological Bourgault du Coudray also sees the werewolf in Freud's wolf man case and the sinister use of wolf imagery in Nazism The Curse of the Werewolf looks finally at the werewolf's revival in contemporary fantasy finding in this supposedly conservative genre a fascinating new model of the human's relationship to nature It is a required reading for students of fantasy myth and monsters No self-respecting werewolf should be without it

Lancelot Brown and the Capability Men David Brown, Tom Williamson, 2016-08-15 Lancelot Capability Brown is often thought of as the innovative genius who single-handedly pioneered a new naturalistic style of landscape design but he was in fact only one of many landscape designers in Georgian England Published to commemorate the three hundredth anniversary of Brown's birth this book casts important new light on his world renowned work his eventful life and the wider and robust world of landscape design in Georgian England David Brown and Tom Williamson argue that Brown was one of the most successful designers of his time working in a style that was otherwise widespread and that it was his skill with this style and not his having invented it that linked his name to it The authors look closely at Brown's design business and the products he offered clients showing that his design packages helped define the era's aesthetic They compare Brown's business to those of similar designers such as the Adam brothers Thomas Chippendale and Josiah Wedgwood and they contextualize Brown's work within the wider contexts of domestic planning and the rise of neoclassicism Beautifully illustrated throughout this book celebrates the work of a master designer who was both a product and harbinger of the modern world

Sexuality in Literature for Children and Young Adults Paul Venzo, Kristine Moruzi, 2021-06-08 Expanding outward from previous scholarship on gender queerness and heteronormativity in children's literature this book offers fresh insights into representations of sex and sexuality in texts for young people In this collection new and established scholars examine how fiction and non-fiction writing picture books film

and television and graphic novels position young people in relation to ideologies around sexuality sexual identity and embodiment This book questions how such texts communicate a sense of what is possible impossible taboo or encouraged in terms of being sexual and sexual being Each chapter is motivated by a set of important questions How are representations of sex and sexuality depicted in texts for young people How do these representations affect and shape the kinds of sexualities offered as models to young readers And to what extent is sexual diversity acknowledged and represented across different narrative and aesthetic modes This work brings together a diverse range of conceptual and theoretical approaches that are framed by the idea of sexual becoming the manner in which texts for young people invite their readers to assess and potentially adopt ways of thinking and being in terms of sex and sexuality

Metafiction and Narrative Worlds in Science Fiction Amanda Dillon, 2025-11-21 Metafictionality has become the cornerstone of the stylistic zeitgeist of science fiction fantasy and horror in the twenty first century This trend reaches back to literary experiments first undertaken and developed during the science fictional New Wave This vein of experimentalist and frequently stylistically complex science fiction from the mid and late twentieth century however often does not look much like the parallel experiments found in postmodern fiction in the 1960s Such texts frequently embed their self referential fireworks in genre conventions and tropes masking the extent of their experimentalism Such worlds however ask difficult questions of the genre itself What world is being portrayed and is it even possible How alien can science fiction really be What even is a science fiction world How do we understand a science fiction world What part does the reader play in the creation of the science fiction world Using narratological and stylistic analyses of Kurt Vonnegut Samuel R Delany Ursula LeGuin Joanna Russ and Brian Aldiss this book provides answers to the question of how science fiction is so perfectly formed to ask these kinds of questions of its own world and fictional praxis and explores how these texts allow those worlds to wrap back on themselves in an endless prismatic spiral of self awareness
