General Questions

1. Tell me about yourself.

Hello, I am Stuti Chaurasia, currently pursuing a B.Tech in Computer Science with a well-maintained CGPA of 9.03. During my first and second years, I actively participated in various hackathons, initially as a team member and later as a team lead, ultimately becoming part of the winning team at the AIC Hackathon for our innovative project. As the only Computer Science student in my Artificial Intelligence team, I had the honor of representing Banasthali during the visit of Lok Sabha Speaker Mr. Om Birla. Being a student at Banasthali Vidyapeeth has significantly contributed to my personal and professional growth. Through these experiences, I have enhanced my problem-solving skills from ideation to prototyping. I am eager to work in an environment where I can implement ideas and contribute to solving real-life problems that impact a larger community.

What motivated you to pursue a career in finance?

My motivation to pursue a career in finance stems from the belief that finance is a crucial asset that everyone should understand and manage effectively. I am particularly drawn to this field because I believe my analytical and problem-solving skills align well with the demands of a finance career, especially at a prestigious firm like Goldman Sachs. I am excited about the opportunity to apply these skills in a dynamic environment, helping clients navigate complex financial landscapes.

o How do your experiences shape your career goals?

My experiences over the past two years have been a journey of exploration, filled with numerous opportunities that led to both rejections and selections. These experiences have helped me identify what works for me and what doesn't, clarifying my interests and preferences. They have also instilled in me unwavering strength and confidence, proving that I can handle pressure and navigate complex phases of life. This understanding shapes my career goals, guiding me toward roles where I can leverage my resilience and adaptability in challenging environments.

2. Why are you interested in a summer analyst position at Goldman Sachs?

I am interested in the summer analyst position at Goldman Sachs for two main reasons. First, my active participation in various activities has equipped me with the ability to adapt quickly and learn new technologies, which I believe is essential for this role and complements my analytical skills. Second, Goldman Sachs is a prestigious firm that prioritizes customer needs, stays ahead in an ever-evolving landscape, and values innovation.
