Muchow,2022-09-27 Finally a new kind of business startup book packed full of practical advice plus essential legal information you really need but don t get in business school or anywhere else The 7 Secret Keys to Startup Success is the one book every entrepreneur should have David J Muchow an award winning thirty year serial entrepreneur and lawyer gives you practical legal and business advice covering every aspect of entrepreneurship and it s fun to read It includes all the basics of building and growing a business management fundraising marketing intellectual property and risk management plus much more like how to avoid the hidden mistakes that cause Startup Suicide and kill 80 percent of startups in the first year There are also model legal forms and charts along with fun to read stories and examples Muchow who teaches law business and entrepreneurship at Georgetown University has advised

hundreds of businesses on how to succeed The book reveals key mistakes that can kill businesses For example blogging about your new products can prevent getting a patent And giving away too much equity and picking the wrong partners can be fatal At the macro level the book describes why the US should create a National Ecosystem to Support Startups NESS to increase our competitiveness which could take startups from a concept to commercialization in just ninety days and speed up the patent process This unique guide which focuses on both the business and legal aspects of startups is a must have for every aspiring entrepreneur small business owner startup incubator student and for business and law schools In The7 Secret Keys to Startup Success you will learn How to cut legal expenses and manage lawyers How to fire employees and partners without getting sued Patent trademark and copyright strategies and tricks How to raise money without SEC problems How to avoid the financial Valley of Death What to do but also what not to do to avoid startup suicide Business books can be fun Enjoy the many business stories such as how Ivanka Trump was sued for trademark infringement over her Hettie Sandal design and Oprah Winfrey s battle to protect her intellectual property for O Magazine At the end of each chapter are examples inspired by Muchow s years as a foreign agent and federal prosecutor which demonstrate the principles in that chapter They re told by Professor Scooter Magee the Startup Expert as he helps startups prevent Startup Suicide and achieve success while fighting the CIA and others Think Professor Indiana Jones in Raiders of the Lost Ark meets Bar Rescue or Silicon Valley Enjoy Scooter s adventures while learning the critical real life startup legal and business lessons that can help you be successful In short The 7 Secret Keys to Startup Success is a new kind of startup book it s like having both an expert attorney and a consultant by your side every step of the way on your startup s journey to success while enjoying the ride   Before You Startup Vikas Sharma, This book is for all those who have dreamed of being an entrepreneur and are now thinking of the next step in founding a start up and getting to work Through this book I am trying to prepare you as far as possible for all the unknown challenges you may face in by providing you with various frameworks to understand your business better and make better decisions for the future This is exactly how successful start ups operate they encounter big challenges make calculated guesses and keep moving Here I try to present a holistic view of running start ups Essential topics such as financial planning investment and capital raising business and market strategy finding and pricing resources even for start ups having a small team size of 5 to 6 employees are all discussed All of them are treated from various types of start up because different ventures can have very different needs Key points where they differ from more established businesses which you may have already seen are highlighted for your attention If you invest a little of your time in reading this book rest assured you are going to save lots of time while running your start up by avoiding unwanted hassles   *Good Ideas* Guteh H. Sputrats,2016-05-16 An interesting composition that reflects the hi tech world in macro and startup ecosystem in micro from an external perspective that isn t taken by what is customary in these worlds The author in a succinctly sharp short and accurate way is going against the grain and setting a challenge on some of the strongest and most

basic conventions in the startup world breaking paradigms and calling for an extreme modification and sometimes even for the inversion of the existing practice as well as offering a new critical and essential role in the startup world With the vision that the book is presenting and with the insights and conclusions that the author is reaching by mixing logic and intuition and by following the hi tech world for years the author claims that the success rate of startups can be significantly changed If the methodology presented in the book will be implemented and prove itself it will bring a significant change to the hi tech world A must have book for whoever is involved in the startup and hi tech field whether a startup has been started or not or whether the person is part of a team or just thinking of joining this world in some kind of role or has a startup idea Even those who don t agree with what is written in the book or agree only with parts of it can enjoy it and receive some insights that will stay with them during the establishment development marketing and managing of a startup
