Getting Started Cnc Fabrication Computer Controlled:

Getting Started with CNC Edward Ford, 2016-08-11 Getting Started with CNC is the definitive introduction to working with affordable desktop and benchtop CNCs written by the creator of the popular open hardware CNC the Shapeoko Accessible 3D printing introduced the masses to computer controlled additive fabrication But the flip side of that is subtractive fabrication instead of adding material to create a shape like a 3D printer does a CNC starts with a solid piece of material and takes away from it Although inexpensive 3D printers can make great things with plastic a CNC can carve highly durable pieces out of a block of aluminum wood and other materials This book covers the fundamentals of designing for and working with affordable 500 3000 CNCs

From the Campfire to the Holodeck David Thornburg, 2013-09-27 How to optimize educational spaces and teaching practices for more effective learning Author David Thornburg an award winning futurist and educational consultant maintains that in order to engage all students learning institutions should offer a balance of Campfire spaces home of the lecture Watering Holes home to conversations between peers Caves places for quiet reflection and Life places where students can apply what they've learned In order to effectively use technology in the classroom prepare students for future careers and incorporate project based learning all teachers should be moving from acting as the sage on the stage to becoming the guide on the side Whether you are a school administrator interested in redesigning your school or a teacher who wants to prepare better lessons From the Campfire to the Holodeck can help by providing insight on how to Boost student engagement Enable project based learning Incorporate technology into the classroom Encourage student led learning From the Campfire to the Holodeck is designed to help schools move from traditional lecture halls Campfires where students just receive information to schools that encourage immersive student centered learning experiences Holodecks
