Picturing Childhood Mark Heimermann, Brittany Tullis, 2017-03-01 Comics and childhood have had a richly intertwined history for nearly a century From Richard Outcault's Yellow Kid Winsor McCay's Little Nemo and Harold Gray's Little Orphan Annie to Herg's Tintin Belgium Jos Escobar's Zipi and Zape Spain and Wilhelm Busch's Max and Moritz Germany iconic child characters have given both kids and adults not only hours of entertainment but also an important vehicle for exploring children's lives and the sometimes challenging realities that surround them Bringing together comic studies and childhood studies this pioneering collection of essays provides the first wide ranging account of how children and childhood as well as the larger cultural forces behind their representations have been depicted in comics from the 1930s to the present The authors address issues such as how comics reflect a spectrum of cultural values concerning children sometimes even resisting dominant cultural constructions of childhood how sensitive social issues such as racial discrimination or the construction and enforcement of gender roles can be explored in comics through the use of child characters and the ways in which comics use children as metaphors for other issues or concerns Specific topics discussed in the book include diversity and inclusiveness in Little Audrey comics of the 1950s and 1960s the fetishization of adolescent girls in Japanese manga the use of children to build national unity in Finnish wartime comics and how the animal child hybrids in Sweet Tooth act as a metaphor for commodification

No Kids Allowed Michelle Ann Abate, 2020-10-13 Children's literature isn't just for children anymore This original study explores the varied forms and roles of children's literature when it's written for adults What do Adam Mansbach's Go the F k to Sleep and Barbara Park's MA There's Nothing to Do Here have in common These large format picture books are decidedly intended for parents rather than children In No Kids Allowed Michelle Ann Abate examines a constellation of books that form a paradoxical new genre children's literature for adults Distinguishing these books from YA and middle grade fiction that
