Kamal Salibi:

The Bible Came from Arabia Kamal Salibi, 2011-10-24 Kamal Salibi professor of history at the American University of Beirut reveals startling linguistic evidence which controversially suggests that Judaism originated not in Palestine but in west Arabia Whilst looking at the gazetteer of Saudi place names he noticed a remarkable concentration of Biblical place names in an area of 600km long by 200km wide the region of Asir Ancient Hebrew like Arabic was written without vowels Salibi believes that scholars of the sixth century might have added the vowels wrongly when standardizing texts and so he went back to the original unvowelled Old Testament to prove his theory and it did The geography of Palestine has never corresponded in any way to the apparently specific stories on the Bible Salibi's research authenticates the events as history for the first time but within an Arabian setting This book has caused a predictable storm amongst academics and politicians The issue is of such importance that everyone should read the evidence first hand **A House of Many Mansions** Kamal Suleiman Salibi, 1988 Today Lebanon is one of the world's most divided countries if it remains a country at all But paradoxically the faction ridden Lebanese both Christians and Muslims have never shown a keener consciousness of common identity How can this be **A House of Many Mansions** Kamal Salibi, 1990-10-12 Kamal Salibi is the foremost living historian of Lebanon and his new book is even more important than his earlier one because it throws light on the present and future of the country as well as its past Albert Hourani author of *A History of the Arab Peoples* Among Lebanese historians only Kamal Salibi has the credibility to write such a book Its timely appearance signals a new era in Lebanese history It will undoubtedly become a classic Nadim Shehadi Director the Centre for Lebanese Studies Oxford [The Druze Community and the Lebanese State](#) Yusri Hazran, 2014-07-11 One of the fundamental questions of Middle Eastern and Lebanese studies in particular is the history of the relationship between the Druze community and the state in modern Lebanon Arguing that the Druze community has been politically alienated from the Lebanese state this book explores the historical and political origins of this alienation *The Druze Community and the Lebanese State* contends that the origins of this alienation lie in the state's national ideology its political confessional system and the Druze's historical background during the medieval period Moreover this book examines the extent to which the Druze's attitude vis vis the Lebanese state has been influenced by their historical rivalry with the Maronites Particular emphasis is placed on the political and ideological practices adopted by the Druze leadership and intelligentsia as they dealt with the changes taking place in their community's political status following the political settlements of 1920 and 1943 the establishment of Greater Lebanon and the National Pact respectively A welcome addition to existing literature on Lebanon this book will be an essential reference tool for students and researchers with an interest in nationalism identity and Middle East Politics more broadly [Modern Arab Historiography](#) Youssef Choueiri, 2013-10-08 Including a new introduction and conclusion this revised second edition deals with a vital yet neglected ingredient in modern Arab culture It is the only scholarly study of Arab historiography It covers the periods 1820 1920

Pioneers and Amateurs and 1920 to today Professional Historians Managers of Legitimation This work is a major contribution not only to the study of Arab historiography but to our understanding of modern Arab thought *The Literature of the Lebanese Diaspora* Jumana Bayeh,2014-10-23 The Lebanese civil war which spanned the years of 1975 to 1990 caused the migration of hundreds of thousands of Lebanese citizens many of whom are still writing of their experiences Jumana Bayeh presents an important and major study of the literature of the Lebanese diaspora Focusing on novels and writings produced in the aftermath of Lebanon's protracted civil war Bayeh explores the complex relationships between place displacement and belonging and illuminates the ways in which these writings have shaped a global Lebanese identity Combining history with sociology Bayeh examines how the literature borne out of this expatriate community reflects a Lebanese diasporic imaginary that is sensitive to the entangled associations of place and identity Paving the way for new approaches to understanding diasporic literature and identity this book will be vital for researchers of migration studies and Middle Eastern literature as well as those interested in the cultures history and politics of the Middle East *Routledge Library Editions: History of the Middle East* Various,2021-08-25 This multi volume set of reissued classics brings together a collection of titles that touch on many key aspects of the history of the Middle East From the early explorers of Arabia to the 1979 revolution in Iran via histories of places as varied as the UAE and Zanzibar the analysis of Nazi policies towards the Arab East and a close reading of the territorial foundations of the Gulf states the books collected here form a wide ranging and eclectic study of the history of the region **Secrets of the Bible People** Kamal Suleiman Salibi,2004 The familiar Bible stories of Adam and Eve Noah and the Flood Moses and the Exodus Jonah and the whale will never be the same again Kamal Salibi argues that these familiar stories can be coaxed into revealing their secrets only when seen in their proper setting Arabia based on an analysis of Arabian place names that the Old Testament's true setting was not Palestine but western Arabia His thesis provoked worldwide controversy Salibi is unrepentant Far from retracting his theory in his new book he takes it an important stage further through a re-examination of some of the best known Bible stories Did Adam exist Is the story of the Flood rooted in Arabian mythology Who was Abraham Did the Exodus really begin in Egypt These and other questions receive startling answers which are bound to re-open the furious debate which Salibi's theory has unleashed *Rebellion, Myth Making and Nation Building* Abdul-Rahim Abu-Husayn,2009 *A Campus at War* Makram Rabah,2009 **To be a Palestinian** Constance Abdallah,2007 **The Muslim World Book Review** ,2007 **The American Journal of Islamic Social Sciences** ,1990 *Gazelle Review of Literature on the Middle East* ,1976 **The Publishers Weekly** ,1988 [Institutionalizing Sectarianism](#) Max David Weiss,2007 **The Political Role of Minority Groups in the Middle East** Ronald De McLaurin,1979 *In the House of Understanding* Kamal Suleiman Salibi,2017 **The Beirut Review** ,1993 [Middle East Insight](#) ,1994-11
