**Economics for Lawyers** Richard A. Ippolito, 2012-01-12 Whether dealing with contracts tort actions or government regulations lawyers are more likely to be successful if they are conversant in economics Economics for Lawyers provides the essential tools to understand the economic basis of law Through rigorous analysis illustrated with simple graphs and a wide range of legal examples Richard Ippolito focuses on a few key concepts and shows how they play out in numerous applications There are everyday problems What is the social cost of legislation enforcing below market prices minimum wages milk regulation and noncompetitive pricing Why are matinee movies cheaper than nighttime showings And then there are broader questions What is the patent system's role in the market for intellectual property rights How does one think about externalities like airport noise Is the free market a regulated solution or tort law the best way to deliver the efficient amount of harm in the workplace What is the best approach to the question of economic compensation due to a person falsely imprisoned Along the way readers learn what economists mean when they talk about sorting signaling reputational assets lemons markets moral hazard and adverse selection They will learn a new vocabulary and a whole new way of thinking about the world they live in and will be more productive in their professions *Inequality* Anthony B. Atkinson, 2015-05-11 Inequality and poverty have returned with a vengeance in recent decades To reduce them we need fresh ideas that move beyond taxes on the wealthy Anthony B Atkinson offers ambitious new policies in technology employment social security sharing of capital and taxation and he defends them against the common arguments and excuses for inaction *Principles of Microeconomics* Roy J. Ruffin, Paul R. inequality based in unequal opportunity and exhorts us to tackle the heart of the problem at long last Back cover
