The Co-operative College and a Century of Social Change Tom Woodin, Keith Vernon, Linda Shaw, 2025-02-24 This open access book explores the Co-operative College's distinctive adult educational tradition over the past century as it provided education for co-operative leaders employees and members in addition to developing a range of wider educational initiatives and ideas internationally The Co-operative College is a British educational charity established in 1919 founded on co-operative principles It played a crucial role in co-operative education in the British Empire and subsequently in the independent nations In doing so it brought together vocational and liberal education as well as educating members as part of a movement that fostered significant social change It draws on original archival research at the National Co-operative Archive in Manchester as well as other material at the National Archives Bishopsgate Institute and the British Library Furthermore the rich archives of the National Co-operative Archive allow for the development of a rich visual history of the movement to be explored

Transcending Equality, Diversity and Inclusion at Work Marguerite L. Weber, Hugo Gaggiotti, 2024-06-07 The book reflects on ways of transcending Equality Diversity and Inclusion EDI by establishing a dialogue between the professional experience of the authors and experts from academia and practitioners from financial services and executive search The book emphasises the link and impact between what is taught and what is learned about EDI and how this reflects on later choices in career and workplace status The book

offers a critical and global perspective emphasizing the multilocality and intersectionality dimension of diversity and unpicks key insights from different conceptualizations like class gender and postcolonialism and their relationship with the current paradigm of diversity and how people identify and communicate With an extensive collection of testimonies and invitations for reflection the book doesn't limit the analysis to the influences of historical power relations in the workplace but investigates at what stage multicultural power structures start developing a compulsory inclination to create differences and how this can influence hiring decision making and management in the workplace In the book academics and practitioners provide illumination and insights gleaned from their own personal experiences and perspectives Whilst the research targeted financial services and executive search the book's findings will appeal globally to individuals of all age groups regardless of educational status seniority or in which industry they are employed particularly those who are aware of how each one expresses similarity and differences sometimes in not obvious ways
