## **Domina:**

Domina: Society's Ilk Edmund Alexander Sims,2012-08-26 Domina Society s Ilk is the story of a woman who refuses to be defined by those who can barely define themselves and rejects the dogged conventions of how she is supposed to be levied by yet based upon those who claim to be like her It is the story of a superheroine who is capable of carrying an entire imprint as its franchise offering so respected so as to garner the support of characters from an entirely different imprint for the purposes of ensuring her proper send off into the universe It is a story of last resorts of sorts in a pool of prose where the defiant metaphor which takes its plot seriously cannot be drowned To Domina none of this is anything new She has always shouldered the ever increasing responsibilities of being a protector the always welcome obligation of being a friend and the treacherously important burden of being an entrepreneur So why do her detractors continue to believe that they can win

*Ave, mundi domina* Gaspar van Weerbeke,2023 The motet cycles known as motetti missales are among the most intriguing repertoires of late fifteenth century polyphony This series features a new critical edition of the six cycles by Loyset Comp re Gaspar van Weerbeke and Franchinus Gaffurius included in the Milanese Libroni and of the two anonymous cycles transmitted in the Leopold Codex Munich MS 3154 For the first time this corpus is presented with uniform editorial criteria facilitating the comparison of mensural choices and other compositional strategies Furthermore the introduction of each volume thematizes the peculiar characteristics of each cycle in terms of textual choices use of preexisting material and musical design allowing for a new assessment of the motetti missales that goes beyond the homogenizing stereotypes of earlier literature and accounts for the individual contributions of the various composers The editors insight in this repertoire is the result of two interdisciplinary research projects financed by the Swiss National Fund and carried out at the Schola Cantorum Basiliensis in 2014 21 The cycle Ave mundi domina by Gaspar van Weerbeke ca 1452 1517 consists of eight four voice motets on assorted Marian texts All eight motets are preserved in Librone 1 of the Milanese Libroni Gaffurius Codices with two also appearing in Librone 2 Of all the surviving motetti missales cycles Ave mundi domina is the only cycle whose component motets can also be found in sources from outside Milan particularly notable in this regard is its fourth motet Anima mea liquefacta est on a highly expressive text from the Song of Songs which with seven concordant sources is not only the single most transmitted motet within the motetti missales repertory but also in Weerbeke s entire output Domina #2: Blood Can Be Revoked Edmund Alexander Sims,2015-08-30 Buffalo Grove The city happens to be under new protectorship and thats the perfect time to test its latest champions mettle during the transition Only universal conflict tends to be unconcerned with such things and unimpressed by local quarrels But home court does normally present an advantage for the host and Denah Tress will need all of it when she returns to crime fighting form as her alter ego the real life superheroine Domina Every much the technical envisioning of nanite theory and cerebral telling of a BDSM tale without the physical eroticism from the first story Domina 2 Blood Can Be Revoked addresses the worthiness of the woman who was handpicked
