

CASE ANALYSIS WORKSHEET

Now that you've completed the Case Companion, use this worksheet to analyze cases assigned by your instructor. Feel free to refer to the Case Companion for additional tips and strategies to help you.

- Look at the big picture. Try to figure out what's really going on.
- Keep asking why. There's rarely one root cause.
- Weigh multiple options. There are many ways to solve a business problem.

Understand the Situation

What's the situation in the case you're working on?

Identify the case's key players. What are their perspectives about the situation?

- Ask why information is included in the case. It's there for a reason.
- Tie it back to the classroom. What themes does your instructor want you to focus on?
- Pay attention to details. Dig deeper if something feels contradictory or unexpected.

Identify the Evidence

List the key evidence that helps you understand the case.

Joseph,2024-07-19 A comprehensive and authoritative introduction to China s political history contemporary political system and key policy areas such as the environment population management and public health Politics in China is an authoritative introduction to how the world s second most populous nation and rapidly rising global power is governed today Written by leading China scholars each chapter offers an accessible overview of a key topic in Chinese politics The opening section provides readers with a firm grounding in China s modern political history covering the decline and fall of the last imperial

dynasty and the rise to power of the Chinese Communist Party CCP and the radicalism of the era of Mao Zedong 1949 76 the dramatic economic reforms carried out by Deng Xiaoping and his disciples 1978 to 2012 and the era of Xi Jinping 2012 present who has consolidated more personal power than any CCP leader since Mao The next section sets the framework of politics in the People s Republic of China PRC with chapters on the ideology of the CCP the structure and dynamics of the political system the role of law and legal reform and the policies behind the country s spectacular economic transformation The book then shifts to a discussion of a series of major political issues in China today reform and resistance in the countryside changes and challenges in the cities the arts and culture the environment and climate change public health population policy and internet politics The final chapters of the book covers politics in four important areas located on China s geographic periphery Tibet Xinjiang Hong Kong and Taiwan The fourth edition of Politics in China has been thoroughly updated and includes a new chapter on the rise and rule of Xi Jinping It is essential reading not only for students studying the PRC but also for any reader interested in learning how China has evolved in recent times how its political system works and about the most important challenges it faces in years ahead

Resale Price Maintenance and the Law Christy Kollmar, 2023-03-31 The question of how to properly enforce against RPM has been a contentious debate for decades on both sides of the Atlantic The catalyst is the acceptance that RPM can generate both anti competitive effects and pro competitive efficiencies that need to be properly balanced to ensure against Type I Type II errors and to create viable legislation Part I focuses on 100 years of US origins and the current legal approach to VR enforcement which reveals the precedent responsible for the transition between per se illegality and the rule of reason thresholds at the federal level Nine anti competitive and 19 pro competitive theoretical models are also introduced to clearly demonstrate the true nonconsensus existent between economists as to whether RPM is deleterious enough to justify a stringent approach to RPM regulation Part II closely examines the EU origins and current legal structure where RPM has maintained its hardcore by object designation pursuant to Art 101 1 TFEU with the consequence of having no safe harbours no applicability of the De Minimus Doctrine an onerous negative rebuttable presumption non severability of the agreement and almost no chance of obtaining an exemption under Art 101 3 This is exacerbated by the EC s lack of guidance on how to prove all conditions necessary for an Art 101 3 exemption and when a vertical arrangement actually escapes Art 101 1 applicability The aim of this book is to examine the economic models historical origins and legal structures of the US EU regimes to develop proposals on how to modify the EU s current legal structure to ensure proper enforcement of RPM behaviour that actually enhances legal certainty through a more aligned approach at the national level Part III proposes five solutions which scrutinise the concepts of appreciability hardcore and by object restraints to implement modifications to EU s current legal framework to ensure RPM receives reasonable and equitable treatment in line with economic theory
