Cross References:

Refer to any supporting documents / information. This could be the documents / information supplied by the business, other working papers. In referencing documents be specific (Version, page, paragraph). Also, the cross reference should clearly articulate the work paper reference and a brief description of cross reference e.g. CR 3 1.1 Work paper 2 Interview_1 John Doe

Time Period:

Reference time period covered by the test. E.g. if sampled data state period covered: if observation what time period covered; if reviewing management reports, over what period.

Objective of the test:

Describe what we are going to test and why. Which controls / data / process steps etc. are we going to test and is it from design effectiveness and/or operating effectiveness perspective. Why are we performing the test? What are we planning to prove?

Samples: *List the documents / data / information sampled*

Work performed:

Describe the test steps performed if all the tests in the Audit Work Program were performed just mention that all tests in the AWP were performed. Only elaborate what is not mentioned in the AWP. Description should be at the level that would allow another auditor to re-perform. If there are limitations note these and the reasons for such limitations, e.g. some data was not available. Remember a limitation might be a finding. Should not exceed more than two pages.

Results and analysis:

What did we find from the tests, e.g. 2 out of 5 samples tested didn't follow procedure. Document root cause analysis of results obtained along with linkages to other work on audit if any. Should not exceed half a page

Conclusion

Control gap or no control gaps. Any other work required. Reference it to the audit finding in the draft report if any.

Brink's Modern Internal Auditing Robert R. Moeller, 2005-01-07 Brink's Modern Internal Auditing Sixth Edition is a comprehensive resource and reference book on the changing world of internal auditing including Sarbanes Oxley compliance issues Sixth edition of a very well respected auditing resource Provides an overview of the role and responsibilities of the internal auditor Includes discussion of the Sarbanes Oxley Act and the impact it has on auditing particularly concerning controls Provides expanded coverage of fraud and business ethics Includes guidance on reporting results effectively Provides in depth discussion of internal audit and corporate governance *Creating Wonderful Workpapers* Robert Berry, 2020-05-18 Bad workpapers leave you bogged down in audits that are not focused on the right things take too long to complete and are inconsistent with expectations Proper workpaper documentation is the first skill every auditor must master And this is the first book entirely focused on workpapers First I'll tell you my personal workpaper revelation Next we explore the purpose of workpapers and the types of workpapers Then we discuss key workpaper characteristics and essential elements Finally we end by discussing workpaper organization relevancy accuracy and completeness Catapult your audit career by learning the fundamental principles required to create wonderful workpapers [Sarbanes-Oxley and the New Internal Auditing Rules](#) Robert R. Moeller, 2004-05-10 Sarbanes Oxley and the New Internal Auditing Rules thoroughly and clearly explains the Sarbanes Oxley Act how it impacts auditors and how internal auditing can help with its requirements such as launching an ethics and whistle blower program or performing effective internal controls reviews under the COSO framework With ample coverage of emerging rules that have yet to be issued and other matters subject to change this book outlines fundamental blueprints of the new rules technological developments and evolving trends that impact internal audit professionals Order your copy today **The Effect of Audit Review Format on the Quality of Workpaper Documentation and Reviewer Judgments** Christopher P. Agoglia, Richard C. Hatfield, Joseph F. Brazel, 2009 The promulgation of PCAOB Audit Standard No 3 2004 highlights the recent focus on workpaper documentation quality and its influence on audit quality Our study examines how the mode of audit workpaper review affects reviewer judgments through its influence on workpaper documentation Due to technological advancements such as email and electronic workpapers firms can now perform workpaper review electronically as well as through a more traditional face to face approach Recent research has found that review mode can affect the judgments of auditors preparing the workpapers Brazel et al 2004 Our study extends the literature by examining the extent to which review mode electronic vs face to face affects the quality of documentation in the workpapers and whether reviewers are able to discern and compensate for these documentation quality issues We propose a model which predicts that the relationship between the method of review and reviewer judgment quality is mediated by the documentation quality assessment gap i.e. actual versus reviewer assessments of documentation quality Such a mediation model provides insight into why the review format affects reviewer judgment quality Consistent with expectations we find that preparers of

workpapers who were anticipating an electronic review provided lower quality documentation than preparers expecting a face to face review As predicted by our mediation model we find that the effect of review mode on reviewer judgments is mediated by the documentation quality assessment gap Specifically when the mode of review was electronic reviewers were unable to recognize the lower quality documentation resulting in lower quality judgments compared to when the mode of review was face to face These results suggest that the effect of review mode persists to the reviewer s judgment through its influence on documentation quality
