Some mail-order companies require the customer to pay the shipping and handling charges. These charges are based on the total of the order. Here is a table of these charges from a catalog.

Example: Tony ordered a cheese pizza. It costs \$14.99. How much is the shipping charge?

The average value is 1.50.

Exercise 11 Find the cost and shipping charge for each order.

If a mail order company is located in another state, you might not have to pay sales tax. Shipping charges will still apply.
