Instagram Guide for Beginners and Dummies Mey Irtz, 2021-05-08 The ways in which we use social media are constantly changing and evolving While initially a place for users to share photos with their family and friends and post aesthetically pleasing updates for people to be able to see what is happening in their lives social media has increasingly become more integrated within consumer culture Social media platforms have become increasingly more geared towards driving engagement and generating ad revenue Some audiences who are primarily still using social media to connect and be social have been more resistant to this switch but others love this integration There are a plethora of ways to bridge this gap and encourage all types of audiences to engage willingly and happily with business accounts As everyone surely knows Instagram is one of the most popular photo sharing platforms on social media today According to Instagram's own data over 200 million users visit at least one business profile each day 60% of users say that they have discovered a new product on Instagram and one third of the stories that receive the most views are posted by businesses As with the social media market as a whole there has been a shift from Instagram being a social platform to it being a media platform that places emphasis on unique content creation as well as business and marketing

Social Media for Communication and Instruction in Academic Libraries Joe, Jennifer, Knight, Elisabeth, 2019-03-01 The subject of the use of social media has renewed interest because of the impact that it had on the last U S presidential election and the impact that social media networks will have on subsequent elections As guides in the information world it is thus important that librarians be well versed in social media This has called attention to the relevance and urgency of incorporating social media use into the academic library both as a marketing tool and as an instruction tool *Social Media for Communication and Instruction in Academic Libraries* is an essential reference source that offers guidance in using social media in academic libraries and in instruction with a special emphasis on assessment and evidence based practice Featuring research on topics such as digital libraries marketing and web analytics this book is ideally designed for librarians administrators educators managers information technology specialists professionals researchers and students
