**Theme** is the central idea or message in a work of literature. Theme should not be confused with the subject of the work, but rather, theme is a general statement about life or human nature. Shakespeare is known for telling stories with universal themes, or ideas to which people across time and cultures can relate. *Macbeth* has several themes, and the reader or audience must take a good look at the entire play (the title, plot, characters, setting, and mood) which all work together to reveal the themes.
