Subject Code	ECAM 802105
Subject Title	Advanced Cost and Management Accounting
Credit Value	3
Pre-requisite/ Co-requisite/ Exclusion	Advanced Cost and Management Accounting (ECAM 802105)
Role and Purposes	<p>Management Accounting has grown rapidly over the last fifteen years, responding to the criticism the subject has received over the same period of time. Management Accounting scholars have developed various techniques and concepts that are expected to revive the role of Management Accounting in a modern business process. This course is continuation of the same course in the regular S1 program, emphasizing the application of concepts in the world of practice. In addition, this course will also discuss the development of the field occurring to date, such as activity-based costing, quality costing, and target costing. This course is an advanced level course, and to do well in class, students must already have some basic knowledge of Management Accounting. Upon the completion of the course, students are expected to have a broader perspective on Management Accounting, which in turn will improve their ability in analyzing and presenting accounting information. Such ability is required in management to support planning, control, coordination and decision-making.</p>
