A Common Virtue James A Hawkins,2014-11-15 Becoming a man is difficult even in the best of circumstances but when it must be done in 1968 with the Year of the Monkey set to explode onto the cities and battlefields of a war torn Vietnam it is only the very best who make the grade A Common Virtue has the immediacy and punch of today s fears as it draws on yesterday s headlines When the armies of Ho Chi Mihn push across the demilitarized zone on a scale never thought possible and simultaneously strike at hundreds of targets American Marines are at the forefront dependent on information from a special reconnaissance force that is the only thing that can stop Hanoi from using a New Year s opportunity to seize the country Unfolding against this background is the story of Marine Paul Jackson the sole survivor of a hillside massacre A sniper and reconnaissance innovator his epic march through the annals of the horrific bureaucracy that is the U S military in 1968 is the heart of this story As an eighteen year old Marine he learns at an early age what he must do to survive what he must do to excel and what he must do to fit into the most exclusive military fraternity in the world A Common Virtue is about the other half of heroism the part that pits a warrior against an American public that despises his uniform against internal factions that brand him a coward and against a beautiful woman who wants nothing more than for him to stay home and love her It is about growing into manhood in a toxic America and a world gone mad Tough choices painful experiences and an instinct for survival work to create a leader of legend Exciting historical and far reaching A Common Virtue is an ambitious and explosive creation one that could only have been written by one who was there
