Perception also explores significant changes in global demographic trends and how our youngest generations are impacting the workplace. *The Power of Perception* clearly illustrates the reasons that we don't see more women leading our global businesses. These perceptions have a significant impact on promotion for many women. Perception is reality, and it's powerful. *The Power of Perception* provides personal stories of women's journeys, real-world examples, and is based on the author's own research as well as that of many others. Every chapter includes practical, easy-to-apply strategies, summary points, and reflection questions to empower women, men, and organizations to fully leverage talent and diversity.
