

## King Lear Summary

A long time ago, in ancient, pre-Christian Britain, King Lear decides it's time to retire—he's getting old and he's just not feeling as energetic as he once was. Besides, Lear wants to avoid any family or political conflict that might arise after his death (There's no male heir to inherit the throne when Lear dies and he doesn't want anyone duking it out over who gets to be king after he's gone.)

So, Lear decides it would be best to split up his kingdom between his three daughters—Cordelia, Goneril, and Regan. But first, Lear wants to play a little game called "Who can say she loves Daddy the most?" in order to determine which daughter will get the biggest piece of land. Because *that's* fair.

Goneril and Regan slobber all over themselves professing how much they love Lear (they don't really, by the way), but Cordelia (Lear's favorite and also the nicest of the bunch) refuses to play, insisting that words and language are insufficient to express the love she feels for her father. Lear takes this the wrong way and disowns Cordelia—he also refuses to give Cordelia a dowry for marriage, so she runs off and elopes with the King of France, who realizes that Cordelia's loving and kind.

Lear ends up dividing the kingdom in two between the wicked Goneril (who is married to the Duke of Albany) and the mean and nasty Regan (married to the Duke of Cornwall), announcing that he'll be splitting his time between Goneril's house and Regan's house. When Kent (Lear's main man) warns Lear that he's making a *huge* mistake, Lear banishes Kent from the kingdom.

Meanwhile, Shakespeare develops the play's **sub-plot**, which involves a guy named **Gloucester**, who's in the habit of running around town calling his illegitimate son, Edmund, a "bastard and cracking dirty jokes about Edmund's unmarried mom. It's no big surprise when Edmund begins to scheme against his dad and his half-brother Edgar, who is Gloucester's

**die 13 schönsten schneeschuhwanderungen der alpen** - Sep 03 2022

web jan 20 2021 schneeschuhwandern ist eine optimale alternative für rasantere wintersportarten um sich tief verschneiten  
winterlandschaften hinzugeben deshalb sollten schneeschuhwanderer die nachfolgenden touren in den bayerischen alpen in  
deutschland in Österreich in der schweiz und in südtirol nicht verpassen
