**Human Rights Responsibilities in the Digital Age** Jonathan Andrew,Frédéric Bernard,2021-08-26 This book examines the tangled responsibilities of states companies and individuals surrounding human rights in the digital age Digital technologies have a huge impact for better and worse on human lives while they can clearly enhance some human rights they also facilitate a wide range of violations States are expected to implement efficient measures against powerful private companies but at the same time they are drawn to technologies that extend their own control over citizens Tech companies are increasingly asked to prevent violations committed online by their users yet many of their business models depend on the accumulation and exploitation of users personal data While civil society has a crucial part to play in upholding human rights it is also the case that individuals harm other individuals online All three stakeholders need to ensure that technology does not provoke the disintegration of human rights Bringing together experts from a range of disciplines including law international relations and journalism this book provides a detailed analysis of the impact of digital technologies on human rights which will be of interest to academics research students and professionals concerned by this issue

**Obsessed** Marc Bresseel,Renout van Hove,2019-12-02 Being obsessed with positive change and ideas can propel us to extraordinary achievements and can be a fantastic positive driver of change In the age of AI wired consumers with irrationally high demands we need to be obsessed with creating smooth differentiated relevant exciting customer experiences and frictionless customer services Any of those interactions should be driven by customer data the pulse of every customer s unique heartbeat and an organisation that has adopted new methodologies processes and technology platforms In Obsessed we demystify the complex world of data and sales and marketing technology We answer questions like How do you build a data culture and strategy How can you be more intentional about the technology foundation you choose to improve your marketing and sales engine across the customer lifecycle How do you create an obsession for the right metrics that focus on value How do you infuse Artificial Intelligence capabilities into your organization Can you see GDPR as an enabler Finally we need a cultural paradigm shift in dealing with marketing technology and applying it to marketing and sales scenarios An obsession with long term thinking and customer relationships based on value rather than short term And that s when you truly start rebooting your revenue engine

**ABOUT THE AUTHOR** Marc Bresseel started his professional career at IBM and subsequently grew further while at Microsoft He was fortunate to kick off the Microsoft online services MSN Hotmail and Messenger as one of the early internet pioneers in Belgium He managed the sales and marketing activities for MSN and Microsoft online services in the EMEA markets and became Global CMO for Microsoft Advertising After sixteen years at Microsoft Marc managed the top 14 markets for IPG Mediabrands In 2014 he became a founding partner of Duval Union an organization that provides business marketing consulting and marketing communication execution to brands

**Targeted** Mike Smith,2014-11-19 Part history part guidebook part prediction for the future this book tells the story of the companies

individuals and innovations driving the revolution of online ads Far from the catchy television spots and sleek magazine spreads are the comparatively modest ads that pop up on websites and in Internet searches But don't be fooled online advertising is exploding Growing at a compound annual rate near 20% it is now the second largest advertising channel in the United States Targeted takes listeners behind the scenes examining the growth of digital advertising its enormous potential and the technologies that are changing the game forever You will also learn about several key aspects such as keyword micro markets ad serving systems aggregated virtual audiences new business models and much more Leading the way is real time bidding which offers advertisers unprecedented precision in targeting ads and measuring their effectiveness This book is sweeping in scope and stripped of technical complexity Targeted is an essential resource for anyone interested in finding and connecting with customers in the vast and shifting Internet universe
